

City of Boston, Massachusetts
Office of the Mayor
MICHELLE WU

August 4, 2025

TO THE CITY COUNCIL

Dear Councilors:

I hereby transmit for your approval an Order approving the receipt of a Conservation Restriction on land at 217, 221, 223-225, & 227-231 Norwell Street, Boston, MA 02124. The Grantor's title of the land is located at the Suffolk County Registry of Deeds at Book 61476, Page 238. The description of the land includes all the land in Boston, Suffolk County, Massachusetts, containing 9,661 square feet, +/-, shown as "#217", "#221", "#223-225" and "#227-231" on a plan of land titled Existing Conditions Plan, dated 10/9/2018, by Spatial Data and Design, 99 Main Street, Millbury, MA 01527.

I urge your Honorable Body to pass this Order expeditiously to preserve and protect this land in perpetuity.

Sincerely,

Michelle Wu
Mayor of Boston

CITY OF BOSTON
IN CITY COUNCIL

AN ORDER AUTHORIZING HOLDING OF A CONSERVATION RESTRICTION

ORDERED: That in accordance with the provisions of G.L. Chapter 184, Section 32, Boston Project Ministries, LLC be authorized to receive in the name of the said Conservation Restriction for all the land in Boston, Suffolk County, Massachusetts, containing 9,661 square feet, +/-, shown as "#217", "#221", "#223-225" and "#227-231" on a plan of land titled Existing Conditions Plan, dated 10/9/2018, by Spatial Data and Design, 99 Main Street, Millbury, MA 01527. The Grantor's title of the land is located at the Suffolk County Registry of Deeds at Book 61476, Page 238.

**I HEREBY CERTIFY
THE FORGOING, IF PASSED IN
THE ABOVE FORM, WILL BE IN
ACCORDANCE WITH LAW.**

BY _____

**ADAM CEDERBAUM
CORPORATION COUNSEL**

GRANTOR: TLee Development LLC
GRANTEE: The Boston Project Ministries, Inc.

ADDRESS OF PREMISES: 217, 221, 223-225, &
227-231 Norwell Street, Boston, MA 02124
FOR GRANTOR'S TITLE SEE: Suffolk County
Registry of Deeds at Book 61476, Page 238.

GRANT OF CONSERVATION RESTRICTION

I. STATEMENT OF GRANT

TLee Development LLC, a Massachusetts limited liability company, being the sole owner of the Premises as defined herein, constituting all of the owner(s) of the Premises as defined herein, for its successors and assigns ("Grantor"), acting pursuant to Sections 31, 32, and 33 of Chapter 184 of the Massachusetts General Laws, grant, with QUITCLAIM COVENANTS, to The Boston Project Ministries, Inc., 15 Elmhurst Street, Dorchester, MA 02124, their permitted successors and assigns ("Grantee"), for nominal consideration, IN PERPETUITY AND EXCLUSIVELY FOR CONSERVATION PURPOSES, the following Conservation Restriction on land located in Boston, Massachusetts containing 9661 square feet of land ("Premises"), which Premises is more particularly described in Exhibit A and shown in the attached reduced copy of a survey plan in Exhibit B, both of which are incorporated herein and attached hereto.

The Conservation Restriction was acquired utilizing, in part, Community Preservation Act funds pursuant to Chapter 44B of the Massachusetts General Laws, which funds were authorized for such purposes by a vote of the Boston City Council Meeting held on March 6, 2019, an attested copy of which vote is attached hereto as Exhibit C (the "CPA Vote").

II. PURPOSES:

This Conservation Restriction is defined in and authorized by Sections 31, 32, and 33 of Chapter 184 of the Massachusetts General Laws and otherwise by law. The purposes of this Conservation Restriction ("Purposes") are to ensure that the Premises will be maintained in perpetuity in its natural, scenic, or open condition, active and passive recreational use, and to prevent any use or change that would materially impair the Conservation Values (as defined below).

The Conservation Values protected by this Conservation Restriction include the following:

Public Access and Public Demand. Public access to the Premises will be allowed for use as a climate-smart park and for active and passive recreational use. In particular, the public will have access to a shade structure, water service for a spray park area, and play equipment. The location of this park, in the midst of an urban environment, provides a green oasis for local residents. The residents of the local community united to help apply for CPA (Community Preservation Act) funding and petition the City of Boston for a community-oriented, "pocket park" that would satisfy the neighborhood's strong desire for easily accessible green space, open space, visible

beauty and off-street shaded sitting space and recreation space for individuals and families. Dozens of neighbors expressed support for this project to City Hall and have been working with Boston Parks Department for the past 2-3 years to design the park.

Open Space. The Premises contributes to the protection of the scenic and natural character of Boston's Emerald Necklace green open space system (including Franklin Park and Harambee Park) and the protection of the Premises will enhance the open-space value and ecosystem services flowing from these and nearby lands.

Consistency with Clearly Delineated Federal, State, or Local Governmental Conservation Policy. As stated in Section 8 (Goal and Objectives) of the Boston 2023-2029 Open Space and Recreational Plan, one of the City's clear objectives is to "...expand an open space system that is equitable, publicly-owned, permanently protected and available to all." Article 2.2 in Section 8 is even more clear: The City aims to "acquire new property to expand the park system." Permanent conservation of the Premises is also consistent with the goals and objectives of the Resilient Lands Initiative conservation vision, generated by the Commonwealth of Massachusetts in July 2022.

Increased Access to Protected Green Space :

The Premises provides increased access to protected green space in a densely developed location previously underserved in this regard. Benefits flowing from this conserved green space may include improved mental and physical health, and mitigating heat impacts associated with Climate Change. Additionally, the City of Boston states in Section 8 of its 2023-2029 Open Space and Recreational Plan that it aims to "improve open space access [to residents] in an equitable manner." The establishment of a public park and recreation area at the Premises clearly aligns with the City's objectives.

III. PROHIBITED and PERMITTED ACTS AND USES

A. Prohibited Acts and Uses

The Grantor will not perform or allow others to perform the following acts and uses which are prohibited on, above, and below the Premises:

1. Structures and Improvements. Except as otherwise noted below in "Permitted Acts and Uses," constructing, placing, or allowing to remain any temporary or permanent structure including without limitation any building, tennis court, landing strip, mobile home, swimming pool, asphalt or concrete pavement, graveled area, roads, sign, fence, gate, billboard or other advertising, antenna, utilities or other structures, utility pole, tower, solar panel, solar array, conduit, line, septic or wastewater disposal system, storage tank, or dam;
2. Extractive Activities/Uses. Mining, excavating, dredging, withdrawing, or removing soil, loam, peat, gravel, sand, rock, surface water, ground water, or other mineral substance or natural deposit, or otherwise altering the topography of the Premises;

3. Disposal/Storage. Placing, filling, storing or dumping of soil, refuse, trash, vehicle bodies or parts, rubbish, debris, junk, tree and other vegetation cuttings, liquid or solid waste or other substance or material whatsoever;
4. Adverse Impacts to Vegetation. Cutting, removing, or destroying trees, shrubs, grasses or other vegetation;
5. Adverse Impacts to Water, Soil, and Other Features. Activities detrimental to drainage, flood control, water conservation, water quality, erosion control, soil conservation, natural habitat, archaeological conservation, or ecosystem function;
6. Introduction of Invasive Species. Planting or introducing any species identified as invasive by the Massachusetts Invasive Plant Advisory Group or identified as invasive in such recognized inventories as the Massachusetts Introduced Pests Outreach Project, the Northeast Aquatic Nuisance Species Panel, or other such inventories, and any successor list as mutually agreed to by Grantor and Grantee;
7. Motor Vehicles. Using, parking, or storing motorized vehicles, including motorcycles, mopeds, all-terrain vehicles, off-highway vehicles, motorboats or other motorized watercraft, snowmobiles, launching or landing aircraft, or any other motorized vehicles, acknowledging that vehicles necessary for public safety (i.e., fire, police, ambulance, other government officials) may have a legal right to enter the Premises;
8. Subdivision. Subdividing or conveying a part or portion of the Premises (as compared to conveyance of the Premises in its entirety which shall be permitted), it being the Grantor's and Grantee's intention to maintain the entire Premises under unified ownership;
9. Use of Premises for Developing Other Land. Using the Premises towards building or development requirements on this or any other parcel;
10. Residential or Industrial Uses. Using the Premises for residential or industrial purposes;
11. Inconsistent Uses. Using the Premises for commercial purposes that are inconsistent with the Purposes or that would materially impair the Conservation Values, or for any other uses or activities that are inconsistent with the Purposes or that would materially impair the Conservation Values.

B. Permitted Acts and Uses

Notwithstanding the Prohibited Acts and Uses described in Paragraph III.A., the Grantor may conduct or permit the following acts and uses on the Premises, provided they do not materially impair the Purposes and/or Conservation Values. In conducting any Permitted Act and Use, Grantor shall minimize impacts to the Conservation Values to ensure any

such impairment thereto is not material.

1. Construction, Operation and Maintenance of Neighborhood Park. With prior written approval of the Grantee, the construction, installation, maintenance and replacement of open/green space, playground structures and features including paved walkways, waterplay equipment, benches, fitness equipment, sound stage, storage structure and other playground-related features. Completed playground will be available for use by the general public.
2. Vegetation Management. Maintaining vegetation, including pruning, trimming, cutting, and mowing, and removing brush, all to prevent, control, and manage hazards, disease, insect or fire damage, and/or in order to maintain the condition of the Premises as documented in the Baseline Report (see Paragraph XV.);
3. Non-native, Nuisance, or Invasive species. Removing non-native, nuisance, or invasive species, interplanting native species, and controlling species in a manner that minimizes damage to surrounding, non-target species and preserves water quality;
4. Natural Habitat and Ecosystem Improvement. With prior written approval of the Grantee, conducting measures designed to restore native biotic communities, or to maintain, enhance or restore wildlife, wildlife habitat, ecosystem function, or rare or endangered species including planting native trees, shrubs, and other vegetation;
5. Signs. Constructing, installing, maintaining, and replacing signs and informational kiosks with respect to the Permitted Acts and Uses, the Purposes, the Conservation Values, trespass, public access, identity and address of the Grantor, sale of the Premises, the Grantee's interest in the Premises, boundary and trail markings, any gift, grant, or other applicable source of support for the conservation of the Premises;
6. Motorized Vehicles. Using motorized vehicles by persons with mobility impairments
7. Outdoor Passive Recreational and Educational Activities. Nature observation, nature and educational walks and outings, outdoor educational activities, and other non motorized outdoor recreational and educational activities;

C. Site Restoration

Upon completion of any Permitted Acts and Uses, any disturbed areas shall be restored substantially to the conditions that existed prior to said activities, including with respect to soil material, grade, and vegetated ground cover.

D. Compliance with Permits, Regulations, Laws

The exercise of any Permitted Acts and Uses under Paragraph III.B. shall be in compliance with

all applicable federal, state and local laws, rules, regulations, zoning, and permits, and with the Constitution of the Commonwealth of Massachusetts. The inclusion of any Permitted Act or Use requiring a permit, license or other approval from a public agency does not imply that the Grantee or the Commonwealth takes any position whether such permit, license, or other approval should be issued.

E. Notice and Approval

1. Notifying Grantee. Whenever notice to or approval by Grantee is required, Grantor shall notify or request approval from Grantee, by a method requiring proof of receipt, in writing not less than sixty (60) days prior to the date Grantor intends to undertake the activity in question, unless a different time period is specified herein. The notice shall:
 - a. Describe the nature, scope, design, location, timetable and any other material aspect of the proposed activity;
 - b. Describe how the proposed activity complies with the terms and conditions of this Conservation Restriction, and will not materially impair the Purposes and/or Conservation Values;
 - c. Identify all permits, licenses, or approvals required for the proposed activity, and the status of any such permits, licenses, or approvals; and.
 - d. Describe any other material aspect of the proposed activity in sufficient detail to permit the Grantee to make an informed judgment as to its consistency with the Purposes and Conservation Values.
2. Grantee Review. Where Grantee's approval is required, Grantee shall grant or withhold approval in writing within sixty (60) days of receipt of Grantor's request. Grantee's approval shall only be granted upon a showing that the proposed activity will minimize impacts to the Conservation Values and will not materially impair the Purposes and/or Conservation Values. Grantee may require Grantor to secure expert review and evaluation of a proposed activity by a mutually agreed upon party.
3. Resubmittal. Grantee's failure to respond within sixty (60) days of receipt shall not constitute approval of the request. Grantor may subsequently submit the same or a similar request for approval.

IV. INSPECTION AND ENFORCEMENT

A. Entry onto the Premises

The Grantor hereby grants to the Grantee, and its duly authorized agents or representatives, the right to enter the Premises upon reasonable notice and at reasonable times, for the purpose of inspecting the Premises to determine compliance with or to enforce this Conservation Restriction.

B. Legal and Injunctive Relief

1. Enforcement. The rights hereby granted shall include the right to enforce this Conservation Restriction by appropriate legal proceedings and to obtain compensatory relief, including without limitation, compensation for interim losses (i.e., ecological and public use service losses that occur from the date of the violation until the date of restoration) and equitable relief against any violations, including, without limitation, injunctive relief and relief requiring restoration of the Premises to its condition prior to the time of the injury (it being agreed that the Grantee will have no adequate remedy at law in case of an injunction). The rights hereby granted shall be in addition to, and not in limitation of, any other rights and remedies available to the Grantee for the enforcement of this Conservation Restriction.
2. Notice and Cure. In the event the Grantee determines that a violation of this Conservation Restriction has occurred and intends to exercise any of the rights described herein, the Grantee shall, before exercising any such rights, notify the Grantor in writing of the violation. The Grantor shall have thirty (30) days from receipt of the written notice to halt the violation and remedy any damage caused by it, after which time Grantee may take further action, including instituting legal proceedings and entering the Premises to take reasonable measures to remedy, abate or correct such violation, without further notice. Provided, however, that this requirement of deferment of action for thirty (30) days applies only if Grantor immediately ceases the violation and Grantee determines that there is no ongoing violation. In instances where a violation may also constitute a violation of local, state, or federal law, the Grantee may notify the proper authorities of such violation.
3. Reimbursement of Costs and Expenses of Enforcement. Grantor covenants and agrees to reimburse to Grantee all reasonable costs and expenses (including counsel fees) incurred by the Grantee in enforcing this Conservation Restriction or in taking reasonable measures to remedy, abate or correct any violation thereof. In the event of a dispute over the boundaries of the Conservation Restriction, Grantor shall pay for a survey by a Massachusetts licensed professional land surveyor and to have the boundaries permanently marked.

C. Non-Waiver

Enforcement of the terms of this Conservation Restriction shall be at the sole discretion of Grantee. Any election by the Grantee as to the manner and timing of its right to enforce this Conservation Restriction or otherwise exercise its rights hereunder shall not be deemed or construed to be a waiver of such rights.

D. Disclaimer of Liability

By acceptance of this Conservation Restriction, the Grantee does not undertake any liability or obligation relating to the condition of the Premises pertaining to compliance with and including, but not limited to, hazardous materials, zoning, environmental laws and regulations, or acts not caused by the Grantee or its agents.

E. Acts Beyond the Grantor's Control

Nothing contained in this Conservation Restriction shall be construed to entitle the Grantee to bring any actions against the Grantor for any injury to or change in the Premises resulting from natural causes beyond the Grantor's control, including but not limited to fire, flood, weather, climate-related impacts, and earth movement, or from any prudent action taken by the Grantor under emergency conditions to prevent, abate, or mitigate significant injury to the Premises resulting from such causes. In the event of any such occurrence, the Grantor and Grantee will cooperate in the restoration of the Premises, if desirable and feasible.

V. PUBLIC ACCESS

Subject to the provisions of this Conservation Restriction, the Grantor hereby grants access to the Premises to the general public and agrees to take no action to prohibit or discourage access to and use of the Premises by the general public, but only for daytime use and only as described in Paragraph III.B.6. provided that such agreement by Grantor is subject to the Grantor's reserved right to establish reasonable rules, regulations, and restrictions on such permitted recreational use by the general public for the protection of the Purposes and Conservation Values. Grantor has the right to control, limit, or prohibit by posting and other reasonable means activities or uses of the Premises not authorized in Paragraph III.B. 6. The Grantee may require the Grantor to post the Premises against any use by the public that results in material impairment of the Conservation Values. This grant of public access to the Premises is solely for the purposes described in Section 17C of Chapter 21 of the Massachusetts General Laws and the Grantor and Grantee hereto express their intent to benefit from exculpation from liability to the extent provided in such section.

VI. TERMINATION/RELEASE/EXTINGUISHMENT

A. Procedure

If circumstances arise in the future that render the Purposes impossible to accomplish, this Conservation Restriction can only be terminated, released, or extinguished, whether in whole or in part, by a court of competent jurisdiction under applicable law after review and approval by the Secretary of Energy and Environmental Affairs of the Commonwealth of Massachusetts, or successor official ("Secretary"), and any other approvals as may be required by Section 32 of Chapter 184 of the Massachusetts General Laws.

B. Grantor's and Grantee's Right to Recover Proceeds

If any change in conditions ever gives rise to termination, release, or extinguishment of this Conservation Restriction under applicable law, then Grantee, on a subsequent sale, exchange, or involuntary conversion of the Premises, shall be entitled to a portion of the proceeds in accordance with Paragraph VI.C., subject, however, to any applicable law which expressly provides for a different disposition of the proceeds, and after complying with the terms of any gift, grant, or funding requirements. The Grantee shall use its share of any proceeds in a manner consistent with the Purposes or the protection of the Conservation Values.

C. Grantee's Receipt of Property Right

Grantor and Grantee agree that the conveyance of this Conservation Restriction gives rise to a

real property right, immediately vested in the Grantee, for the purpose of enforcing this Conservation Restriction, but does not entitle Grantee, upon extinguishment, release, or termination, to any proceeds received by the Grantor from the subsequent sale, exchange or involuntary conversion of the Premises. Any proceeds that result from any such extinguishment, release, or termination will be distributed only after complying with the terms of any gift, grant, or other funding requirements.

D. Cooperation Regarding Public Action

Whenever all or any part of the Premises or any interest therein is taken by public authority under power of eminent domain or other act of public authority, then the Grantor and the Grantee shall cooperate in recovering the full value of all direct and consequential damages resulting from such action. All related expenses incurred by the Grantor and the Grantee shall first be paid out of any recovered proceeds, and the remaining proceeds shall be distributed between the Grantor and Grantee in accordance with Paragraph VI.B. and Paragraph VI.C. If a less than fee interest is taken, the proceeds shall be equitably allocated according to the nature of the interest taken. The Grantee shall use its share of any proceeds in a manner consistent with the Purposes or the protection of the Conservation Values.

VII. DURATION and ASSIGNABILITY

A. Running of the Burden

The burdens of this Conservation Restriction shall run with the Premises in perpetuity, and shall be enforceable against the Grantor and the successors and assigns of the Grantor holding any interest in the Premises.

B. Execution of Instruments

The Grantee is authorized to record or file any notices or instruments appropriate to assuring the perpetual enforceability of this Conservation Restriction. The Grantor, on behalf of itself and its successors and assigns, appoints the Grantee its attorney-in-fact to execute, acknowledge and deliver any such instruments on its behalf. Without limiting the foregoing, the Grantor and its successors and assigns agree themselves to execute any such instruments upon request.

C. Running of the Benefit

The benefits of this Conservation Restriction shall run to the Grantee, shall be in gross and shall not be assignable by the Grantee, except when all of the following conditions are met:

1. the Grantee requires that the Purposes continue to be carried out;
2. the assignee is not an owner of the fee in the Premises;
3. the assignee, at the time of the assignment, qualifies under 26 U.S.C. 170(h), and applicable regulations thereunder, if applicable, and is eligible to receive this Conservation Restriction under Section 32 of Chapter 184 of the Massachusetts General Laws; and
4. the assignment complies with Article 97 of the Amendments to the Constitution of the Commonwealth of Massachusetts, if applicable.

VIII. SUBSEQUENT TRANSFERS

A. Procedure for Transfer

The Grantor agrees to incorporate by reference the terms of this Conservation Restriction in any deed or other legal instrument which grants any interest in all or a portion of the Premises, including a leasehold interest and to notify the Grantee not less than twenty (20) days prior to the effective date of such transfer. Failure to do any of the above shall not impair the validity or enforceability of this Conservation Restriction. If the Grantor fails to reference the terms of this Conservation Restriction in any deed or other legal instrument which grants any interest in all or a portion of the Premises, then the Grantee may record, in the applicable registry of deeds, or register in the applicable land court registry district, and at the Grantor's expense, a notice of this Conservation Restriction. Any transfer will comply with Article 97 of the Amendments to the Constitution of the Commonwealth of Massachusetts, if applicable.

B. Grantor's Liability

The Grantor shall not be liable for violations occurring after their ownership. Liability for any acts or omissions occurring prior to any transfer and liability for any transfer if in violation of this Conservation Restriction shall survive the transfer. Any new owner shall cooperate in the restoration of the Premises or removal of violations caused by prior owner(s) and may be held responsible for any continuing violations.

IX. ESTOPPEL CERTIFICATES

Upon request by the Grantor, the Grantee shall, within thirty (60) days execute and deliver to the Grantor any document, including an estoppel certificate, which certifies the Grantor's compliance or non-compliance with any obligation of the Grantor contained in this Conservation Restriction.

X. NON MERGER

The parties intend that any future acquisition of the Premises shall not result in a merger of the Conservation Restriction into the fee. The Grantor agrees that it will not grant, and the Grantee agrees that it will not take title, to any part of the Premises without having first assigned this Conservation Restriction following the terms set forth in Paragraph VII.C to ensure that merger does not occur and that this Conservation Restriction continues to be enforceable by a non-fee owner.

XI. AMENDMENT

A. Limitations on Amendment

Grantor and Grantee may amend this Conservation Restriction only to correct an error or oversight, clarify an ambiguity, maintain or enhance the overall protection of the Conservation Values, or add real property to the Premises, provided that no amendment shall:

1. affect this Conservation Restriction's perpetual duration;
2. be inconsistent with or materially impair the Purposes;

3. affect the qualification of this Conservation Restriction as a "qualified conservation contribution" or "interest in land" under any applicable laws, including 26 U.S.C. Section 170(h), and related regulations;
4. affect the status of Grantee as a "qualified organization" or "eligible donee" under any applicable laws, including 26 U.S.C. Section 170(h) and related regulations, and Sections 31, 32, and 33 of Chapter 184 of the Massachusetts General Laws;
5. create an impermissible private benefit or private inurement in violation of federal tax law, as determined by an appraisal, conducted by an appraiser selected by the Grantee, of the economic impact of the proposed amendment;
6. alter or remove the provisions described in Paragraph VI (Termination/Release/Extinguishment);
7. cause the provisions of this Paragraph XI to be less restrictive; or
8. cause the provisions described in Paragraph VII.C (Running of the Benefit) to be less restrictive

B. Amendment Approvals and Recording

No amendment shall be effective unless documented in a notarized writing executed by Grantee and Grantor, approved by the City of Boston and by the Secretary in the public interest pursuant to Section 32 of Chapter 184 of the Massachusetts General Laws, and recorded in the applicable registry of deeds or registered in the applicable land court registry district.

XII. EFFECTIVE DATE

This Conservation Restriction shall be effective when the Grantor and the Grantee have executed it, the administrative approvals required by Section 32 of Chapter 184 of the Massachusetts General Laws have been obtained, and it has been recorded in the applicable registry of deeds or registered in the applicable land court registry district.

XIII. NOTICES

Any notice, demand, request, consent, approval or communication that either party desires or is required to give to the other shall be in writing and either served personally or sent by first class mail, postage pre-paid, addressed as follows:

To Grantor: Travis Lee, TLee Development LLC
1452 Dorchester Avenue, 4th Floor
Boston, MA 02122

To Grantee: Paul Malkemes, Executive Director,
The Boston Project Ministries
Steering Committee,
15 Elmhurst Street, Dorchester, MA 02124

or to such other address as any of the above parties shall designate from time to time by written notice to the other or, if notice is returned to sender, to an address that is reasonably ascertainable by the parties.

XIV. GENERAL PROVISIONS

A. Controlling Law

The interpretation and performance of this Conservation Restriction shall be governed by the laws of the Commonwealth of Massachusetts.

B. Liberal Construction

Any general rule of construction to the contrary notwithstanding, this Conservation Restriction shall be liberally construed in order to effect the Purposes and the policy and purposes of Sections 31, 32, and 33 of Chapter 184 of the Massachusetts General Laws. If any provision in this instrument is found to be ambiguous, any interpretation consistent with the Purposes that would render the provision valid shall be favored over any interpretation that would render it invalid.

C. Severability

If any provision of this Conservation Restriction or the application thereof to any person or circumstance is found to be invalid, the remainder of the provisions of this Conservation Restriction shall not be affected thereby.

D. Entire Agreement

This instrument sets forth the entire agreement of the Grantor and Grantee with respect to this Conservation Restriction and supersedes all prior discussions, negotiations, understandings, or agreements relating to the Conservation Restriction, all of which are merged herein.

XV. BASELINE DOCUMENTATION REPORT

The Conservation Values, as well as the natural features, current uses of, and existing improvements on the Premises, such as, but not limited to, trails, woods roads, structures, meadows or other cleared areas, agricultural areas, and scenic views, as applicable, are described in a Baseline Documentation Report ("Baseline Report") prepared by Grantee with the cooperation of the Grantor, consisting of maps, photographs, and other documents and on file with the Grantee and included by reference herein. The Baseline Report (i) is acknowledged by Grantor and Grantee to be a complete and accurate representation of the condition and values of the Premises as of the date of this Conservation Restriction, (ii) is intended to fully comply with applicable Treasury Regulations, (iii) is intended to serve as an objective information baseline for subsequent monitoring of compliance with the terms of this Conservation Restriction as described herein, and (iv) may be supplemented as conditions on the Premise change as allowed over time. Notwithstanding the foregoing, the parties may utilize any evidence of the condition of the Premises at the time of this grant in addition to the Baseline Report.

XVI. MISCELLANEOUS

A. Pre-existing Public Rights

Approval of this Conservation Restriction pursuant to Section 32 of Chapter 184 of the Massachusetts General Laws by any municipal officials and by the Secretary, is not to be construed as representing the existence or non-existence of any pre-existing rights of the public, if any, in and to the Premises, and any such pre-existing rights of the public, if any, are not affected by the granting of this Conservation Restriction.

B. Release of Homestead

The Grantor attests that there is no residence on or abutting the Premises (including areas excluded from the Premises) that is occupied or intended to be occupied as a principal residence by a spouse, former spouse, or children of the grantor, or a spouse, former spouse, or children of a beneficiary of the trust, if Premises is owned by a trust.

C. No Surety Interest

The Grantor attests that there is no mortgage, promissory note, loan, lien, equity credit line, refinance assignment of mortgage, lease, financing statement or any other agreement which gives rise to a surety interest affecting the Premises.

D. Executory Limitation

If Grantee shall cease to exist or to be qualified to hold conservation restrictions pursuant to Section 32 of Chapter 184 of the Massachusetts General Laws, or to be qualified organization under 26 U.S.C. 170(h), and applicable regulations thereunder, if applicable, and a prior assignment is not made pursuant to Paragraph VII, then Grantee's rights and obligations under this Conservation Restriction shall vest in such organization as a court of competent jurisdiction shall direct pursuant to the applicable Massachusetts law and with due regard to the requirements for an assignment pursuant to Paragraph VII.

E. Prior Encumbrances

This Conservation Restriction shall be in addition to and not in substitution of any other restrictions or easements of record affecting the Premises.
