**TO THE CITY COUNCIL**

Dear Councilors:

I transmit herewith for your approval a home rule petition to the General Court entitled "Petition for a Special Law Re: An Act Relative to Certain Affordable Housing in the South Boston Section of the City of Boston."

Through this special act, the Boston Housing Authority (BHA) seeks to participate in a redevelopment using federal funds to revive the severely distressed Mary Ellen McCormack development. This redevelopment necessitates certain exemptions from the Commonwealth's contract procurement and award laws. Although there have been reforms to the state statutes regarding filed sub-bids under M.G.L. ch.149, the changes are insufficient to allow for the BHA to move forward in a redevelopment effort of this kind. Without passage, the project must adhere to an extremely structured filed sub-bid process, with separate General Contractor and subcontractor selection. These exemptions will not compromise a fair and transparent process as the BHA must still adhere to the stringent regulations of its public funding sources.

The BHA has filed similar legislation for Mildred C. Hailey, Bunker Hill, Whittier Street, Orient Heights, Bromley Heath, Mission Main, Orchard Gardens, Maverick Gardens, West Broadway Homes, and Old Colony, Washington Beech and Franklin Hill family developments. The residents of Mary Ellen McCormack have been waiting for the same opportunity the above-referenced developments have had.

I urge your Honorable Body to support this special act so that we can make this redevelopment effort a reality for them.

Sincerely,

A handwritten signature in black ink, appearing to read "Michelle Wu".

Michelle Wu  
Mayor of Boston

**CITY OF BOSTON**  
**IN CITY COUNCIL**

*WHEREAS,* The Boston Housing Authority seeks to participate in a redevelopment to revive the severely distressed Mary Ellen McCormack public housing development. This redevelopment necessitates certain exemptions from the Commonwealth's contract procurement and award laws; and

*WHEREAS,* Participating in the redevelopment will revitalize the development and surrounding community, furthering the aims of the Commonwealth's public housing initiatives; and

*WHEREAS,* The exemptions will not contravene the legislative intent behind the affected procurement and public contract laws because the additional regulation and public oversight that accompanies the Boston Housing Authority's funding sources minimizes the risk of unfair competition and misuse of taxpayer funds.

*NOW THEREFORE BE IT ORDERED,*

That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this order be, and hereby is, approved under Clause 1 of Section 8 of Article II, as amended, of the Articles of Amendment to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted precisely as follows, except for clerical or editorial changes of form only:

**PETITION FOR A SPECIAL LAW RE:**

**AN ACT RELATIVE TO CERTAIN AFFORDABLE HOUSING IN THE SOUTH BOSTON SECTION OF THE CITY OF BOSTON.**

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

SECTION 1. Construction and development activity related to redevelopment by the Boston Housing Authority of the federally-funded Mary Ellen McCormack public housing project, or any part thereof, shall not be subject to any general or special law related to the procurement and award of contracts for the planning, design, construction management, construction, reconstruction, installation, demolition, maintenance, or repair of buildings or public works by a public agency, but shall be subject to sections 26 to 27H, inclusive, of chapter 149 of the General Laws. A conveyance of the project, whether by leasehold or fee estate, to an urban redevelopment corporation organized pursuant to chapter 121A

of the General Laws or to a nonprofit state and federally tax-exempt corporation organized for the purpose of revitalizing the project, shall be subject to chapter 30B of the General Laws to the extent that the project is conveyed to an entity that is not owned, controlled, or managed by the Boston Housing Authority on the date of the conveyance.

SECTION 2. This act shall take effect upon its passage.

**RE: Petition #38 - Highland Park Architectural Conservation District, Roxbury, MA**

Dear Mayor Wu:

On May 10, 2022, the Boston Landmarks Commission unanimously voted to designate the Highland Park section of Roxbury as an Architectural Conservation District (ACD) under the provisions of Chapter 772 of the Acts of 1975, as amended.

The proposed Highland Park ACD is in the northwest corner of Roxbury. It is roughly bounded by Malcolm X Boulevard on the north, Columbus Avenue on the west, Washington Street on the east, and Marcella and Highland Streets on the south.

The Highland Park ACD has an unusually comprehensive range of architectural types and styles that demonstrate the development of Roxbury from an agricultural settlement to a fashionable nineteenth-century streetcar suburb of Boston, and finally a dense, urban neighborhood. Taken as a whole, the buildings in the district provide a nearly comprehensive cross-section of architectural styles and types found in Boston, and in this respect the district serves as a valuable illustration of the trajectory of both architecture history and urban development in the region.

The neighborhood also stands out for the number of different groups of people who together have made it their home through many periods and into the present. The purpose of architectural conservation district designation is to empower members of the Highland Park community to have a voice in shaping their neighborhood and to enrich and enhance the unique heritage of the Highland Park neighborhood expressed in the physical legacy of its historical, social, cultural, architectural, and aesthetic characteristics.

The Boston Landmarks Commission asks that you give full consideration to the designation of Highland Park in Roxbury as an Architectural Conservation District.

Please don't hesitate to call me at (617) 635-2510 if you have any questions.

Best Regards,

Rosanne Foley  
Executive Director  
Boston Landmarks Commission

**VOTE OF DESIGNATION BY THE  
BOSTON LANDMARKS COMMISSION**

**PROPERTY:** Highland Park Architectural Conservation District

**VOTED:** That on May 10, 2022, the Boston Landmarks Commission designates the Highland Park Architectural Conservation District under Chapter 772 of the Acts of 1975, as amended.

**VOTING IN OPPOSITION:**

**GENERAL CHARACTERISTICS OF THE DISTRICT:**

The Highland Park Architectural Conservation District has an unusually comprehensive range of architectural types and styles that demonstrate the development of Roxbury from an agricultural settlement to a fashionable nineteenth-century streetcar suburb of Boston, and finally a dense, urban neighborhood. Taken as a whole, the buildings in the district provide a nearly comprehensive cross-section of architectural styles and types found in Boston, and in this respect the district serves as a valuable illustration of the trajectory of both architecture history and urban development in the region.

The neighborhood also stands out for the number of different groups of people who together have made it their home through many periods and into the present. Rather than representing a single focus of significance, the many representatives of different social groups have produced a rich fabric of many styles of dwelling mixed together with places of worship and some places of business.

The neighborhood is set dramatically on a rocky hill that is steep in places, and builders have taken advantage of the topography to achieve unique views as well as surprising proximities, with old retaining walls holding structures perched on ledges far above their immediate neighbors. The same rock is found as a building material in foundations and many walls that survive from the earliest periods. Mature trees and a variety of landscape forms that range from Victorian efforts at small formal parks to civic amenities of today are an additional element worthy of note, as are the community gardens and urban wilds.

***Dockets #0487-0498*** are authorizations of revolving fund limits for FY23. Annual authorization of the dollar-limit for each of these revolving funds is required by their enabling legislation, Section 53E½, Chapter 44, Massachusetts General Laws. Revolving funds are an important budgetary tool for departments, as they allow for better financial flexibility in the management of unpredictable and self-sustaining activities. The Committee on Ways and Means has formalized and standardized the review process for these funds by running reviews concurrent with the annual budget review process and departmental budget hearings, with the intent to maintain transparency and accountability in the annual review and authorization of these funds.

***Dockets #0499-0501*** are authorizations of annual appropriations for other special funds. The Boston Equity Fund collects money to create special revenue project grants in order to support equity applicants and licenses, as defined by the Equity Program, to establish and operate a cannabis business in the City of Boston. The fund shall be credited annually with a percentage of gross annual Marijuana Host Community Agreement revenue, pursuant City of Boston Ordinances Chapter 8 Section 13: Establishing the Equitable Regulation of the Cannabis Industry in the City of Boston.

### ***Summary of Legislation***

***Dockets #0487-0498*** are authorizations of revolving fund limits for FY23. Annual authorization of the dollar-limit for each of these revolving funds is required by their enabling legislation, Section 53E½, Chapter 44, Massachusetts General Laws. Revolving funds are an important budgetary tool for departments, as they allow for better financial flexibility in the management of unpredictable and self-sustaining activities. The Committee on Ways and Means has formalized and standardized the review process for these funds by running reviews concurrent with the annual budget review process and departmental budget hearings, with the intent to maintain transparency and accountability in the annual review and authorization of these funds.

***Dockets #0499-0501*** are authorizations of annual appropriations for other special funds. The Boston Equity Fund collects money to create special revenue project grants in order to support equity applicants and licenses, as defined by the Equity Program, to establish and operate a cannabis business in the City of Boston. The fund shall be credited annually with a percentage of gross annual Marijuana Host Community Agreement revenue, pursuant City of Boston Ordinances Chapter 8 Section 13: Establishing the Equitable Regulation of the Cannabis Industry in the City of Boston.

The 21<sup>st</sup> Century PEG Access Fund was established by Boston's acceptance of a local option, pursuant to Section 53F¾ of Chapter 44 of the General Laws, in 2016. The fund revenue is made up of cable franchise fees, paid by subscribers, from Comcast, RCN, and Verizon. The appropriation is used to support public educational or governmental access cable television services. The City uses the Fund to support Boston Neighborhood Network (BNN) Media, which provides community, government, and educational access television and radio programming, training, and production services; and Tech Goes Home (TGH), a digital equity initiative that provides low-income and underserved residents in the City with the opportunity, tools, education, and access required for 21<sup>st</sup> century skills development. The Fund also supports the City's dark fiber infrastructure, and other cable-related advocacy, auditing, and regulatory service.

The Parkman Fund is a trust fund designated for maintenance and upkeep of certain City parks, including the Boston Common, Public Garden, Olmstead Park, Highland Park, Horatio Harris Park, and Malcolm X Park. The fund was established in 1908 from a bequest from George Francis Parkman, and the annual appropriation is used to fund operations, general care and maintenance, specialized maintenance of horticulture and infrastructure, and equipment, infrastructure improvements, and repairs as needed.

***Information Received at Hearings***

### ***Summary of Legislation***

***Dockets #0487-0498*** are authorizations of revolving fund limits for FY23. Annual authorization of the dollar-limit for each of these revolving funds is required by their enabling legislation, Section 53E½, Chapter 44, Massachusetts General Laws. Revolving funds are an important budgetary tool for departments, as they allow for better financial flexibility in the management of unpredictable and self-sustaining activities. The Committee on Ways and Means has formalized and standardized the review process for these funds by running reviews concurrent with the annual budget review process and departmental budget hearings, with the intent to maintain transparency and accountability in the annual review and authorization of these funds.

***Dockets #0499-0501*** are authorizations of annual appropriations for other special funds. The Boston Equity Fund collects money to create special revenue project grants in order to support equity applicants and licenses, as defined by the Equity Program, to establish and operate a cannabis business in the City of Boston. The fund shall be credited annually with a percentage of gross annual Marijuana Host Community Agreement revenue, pursuant City of Boston Ordinances Chapter 8 Section 13: Establishing the Equitable Regulation of the Cannabis Industry in the City of Boston.

The 21<sup>st</sup> Century PEG Access Fund was established by Boston's acceptance of a local option, pursuant to Section 53F¾ of Chapter 44 of the General Laws, in 2016. The fund revenue is made up of cable franchise fees, paid by subscribers, from Comcast, RCN, and Verizon. The appropriation is used to support public educational or governmental access cable television services. The City uses the Fund to support Boston Neighborhood Network (BNN) Media, which provides community, government, and educational access television and radio programming, training, and production services; and Tech Goes Home (TGH), a digital equity initiative that provides low-income and underserved residents in the City with the opportunity, tools, education, and access required for 21<sup>st</sup> century skills development. The Fund also supports the City's dark fiber infrastructure, and other cable-related advocacy, auditing, and regulatory service.

The Parkman Fund is a trust fund designated for maintenance and upkeep of certain City parks, including the Boston Common, Public Garden, Olmstead Park, Highland Park, Horatio Harris Park, and Malcolm X Park. The fund was established in 1908 from a bequest from George Francis Parkman, and the annual appropriation is used to fund operations, general care and maintenance, specialized maintenance of horticulture and infrastructure, and equipment, infrastructure improvements, and repairs as needed.

***Information Received at Hearings***

These funds are sources of external funding for departments, as such the Committee heard dockets together with the relevant departments' budgets. For revolving funds, standardized reporting information consisting of a summary of each revolving fund and the fund's previous year's revenue and expenditures was shared with the Committee for review.

***Committee Chair Recommended Action***

As Chair of the Committee on Ways and Means, I recommend moving the listed dockets from the Committee to the full Council for discussion and formal action. At that time, my recommendation to the full Council will be that these matters **OUGHT TO PASS**.

### ***Summary of Legislation***

***Dockets #0487-0498*** are authorizations of revolving fund limits for FY23. Annual authorization of the dollar-limit for each of these revolving funds is required by their enabling legislation, Section 53E½, Chapter 44, Massachusetts General Laws. Revolving funds are an important budgetary tool for departments, as they allow for better financial flexibility in the management of unpredictable and self-sustaining activities. The Committee on Ways and Means has formalized and standardized the review process for these funds by running reviews concurrent with the annual budget review process and departmental budget hearings, with the intent to maintain transparency and accountability in the annual review and authorization of these funds.

***Dockets #0499-0501*** are authorizations of annual appropriations for other special funds. The Boston Equity Fund collects money to create special revenue project grants in order to support equity applicants and licenses, as defined by the Equity Program, to establish and operate a cannabis business in the City of Boston. The fund shall be credited annually with a percentage of gross annual Marijuana Host Community Agreement revenue, pursuant City of Boston Ordinances Chapter 8 Section 13: Establishing the Equitable Regulation of the Cannabis Industry in the City of Boston.

The 21<sup>st</sup> Century PEG Access Fund was established by Boston's acceptance of a local option, pursuant to Section 53F¾ of Chapter 44 of the General Laws, in 2016. The fund revenue is made up of cable franchise fees, paid by subscribers, from Comcast, RCN, and Verizon. The appropriation is used to support public educational or governmental access cable television services. The City uses the Fund to support Boston Neighborhood Network (BNN) Media, which provides community, government, and educational access television and radio programming, training, and production services; and Tech Goes Home (TGH), a digital equity initiative that provides low-income and underserved residents in the City with the opportunity, tools, education, and access required for 21<sup>st</sup> century skills development. The Fund also supports the City's dark fiber infrastructure, and other cable-related advocacy, auditing, and regulatory service.

The Parkman Fund is a trust fund designated for maintenance and upkeep of certain City parks, including the Boston Common, Public Garden, Olmstead Park, Highland Park, Horatio Harris Park, and Malcolm X Park. The fund was established in 1908 from a bequest from George Francis Parkman, and the annual appropriation is used to fund operations, general care and maintenance, specialized maintenance of horticulture and infrastructure, and equipment, infrastructure improvements, and repairs as needed.

***Information Received at Hearings***

These funds are sources of external funding for departments, as such the Committee heard dockets together with the relevant departments' budgets. For revolving funds, standardized reporting information consisting of a summary of each revolving fund and the fund's previous year's revenue and expenditures was shared with the Committee for review.

***Committee Chair Recommended Action***

As Chair of the Committee on Ways and Means, I recommend moving the listed dockets from the Committee to the full Council for discussion and formal action. At that time, my recommendation to the full Council will be that these matters **OUGHT TO PASS**.

### ***Summary of Legislation***

***Dockets #0487-0498*** are authorizations of revolving fund limits for FY23. Annual authorization of the dollar-limit for each of these revolving funds is required by their enabling legislation, Section 53E½, Chapter 44, Massachusetts General Laws. Revolving funds are an important budgetary tool for departments, as they allow for better financial flexibility in the management of unpredictable and self-sustaining activities. The Committee on Ways and Means has formalized and standardized the review process for these funds by running reviews concurrent with the annual budget review process and departmental budget hearings, with the intent to maintain transparency and accountability in the annual review and authorization of these funds.

***Dockets #0499-0501*** are authorizations of annual appropriations for other special funds. The Boston Equity Fund collects money to create special revenue project grants in order to support equity applicants and licenses, as defined by the Equity Program, to establish and operate a cannabis business in the City of Boston. The fund shall be credited annually with a percentage of gross annual Marijuana Host Community Agreement revenue, pursuant City of Boston Ordinances Chapter 8 Section 13: Establishing the Equitable Regulation of the Cannabis Industry in the City of Boston.

The 21<sup>st</sup> Century PEG Access Fund was established by Boston's acceptance of a local option, pursuant to Section 53F¾ of Chapter 44 of the General Laws, in 2016. The fund revenue is made up of cable franchise fees, paid by subscribers, from Comcast, RCN, and Verizon. The appropriation is used to support public educational or governmental access cable television services. The City uses the Fund to support Boston Neighborhood Network (BNN) Media, which provides community, government, and educational access television and radio programming, training, and production services; and Tech Goes Home (TGH), a digital equity initiative that provides low-income and underserved residents in the City with the opportunity, tools, education, and access required for 21<sup>st</sup> century skills development. The Fund also supports the City's dark fiber infrastructure, and other cable-related advocacy, auditing, and regulatory service.

The Parkman Fund is a trust fund designated for maintenance and upkeep of certain City parks, including the Boston Common, Public Garden, Olmstead Park, Highland Park, Horatio Harris Park, and Malcolm X Park. The fund was established in 1908 from a bequest from George Francis Parkman, and the annual appropriation is used to fund operations, general care and maintenance, specialized maintenance of horticulture and infrastructure, and equipment, infrastructure improvements, and repairs as needed.

***Information Received at Hearings***

These funds are sources of external funding for departments, as such the Committee heard dockets together with the relevant departments' budgets. For revolving funds, standardized reporting information consisting of a summary of each revolving fund and the fund's previous year's revenue and expenditures was shared with the Committee for review.

***Committee Chair Recommended Action***

As Chair of the Committee on Ways and Means, I recommend moving the listed dockets from the Committee to the full Council for discussion and formal action. At that time, my recommendation to the full Council will be that these matters **OUGHT TO PASS**.

MICHELLE WU  
MAYOR

April 11, 2022

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I transmit herewith my Fiscal Year 2023 (FY23) Recommended Budget for the City of Boston. In this moment of urgency and opportunity for our city, our \$3.99 billion FY23 Operating Budget and \$3.6 billion FY23-FY27 Capital Plan sets a foundation for our future, connects our communities, and delivers on the details of city services across our neighborhoods. Through sound fiscal management, this budget is a roadmap for investing critical resources to build a more connected city for everyone.

Even as Boston continues to absorb the impacts of a lingering pandemic, strong fiscal health has paved the way for a strong public health response and citywide recovery. Last month, the City of Boston received AAA credit ratings for the eighth year in a row. These top credit ratings not only highlight solid financial management and policies embedding fiscal responsibility, but also secure the most favorable rates for our infrastructure investments to support equity, affordability, and resiliency in every neighborhood.

I'm proud that the first budget of our administration comes in the first year of a new balance of budgetary power with the City Council, and we have reshaped this process to reflect direct community engagement from the very beginning. For the first time, public feedback guided budget drafting from the start as residents highlighted community needs and priorities through listening sessions co-hosted by City Councilors, a citywide survey in 12 languages, and direct engagement over the last three months. Our recommended budget reflects the clear call for transformative action to support our people, our neighborhoods, and our City services.

The Recommended FY23 Operating Budget proposes a year-over-year increase of \$216 million or 5.7% over FY22, coordinated to target impact in key areas, including:

- Focusing on housing affordability, including creating and acquiring new affordable units, housing stability services, and an expanded voucher program. Over the next three years, new commitments in the Operating and Capital Budgets paired with federal recovery funds will infuse an unprecedented \$365 million into affordable housing, supportive services, and public housing preservation and creation.

- Moving fast on a Boston Green New Deal, with a greener City vehicle fleet, improvements for mobility and active transportation, the first citywide composting program, new leadership for food justice and urban agriculture, and investments in our tree canopy and open space.
- Investing in public safety grounded in public health, with a new Center for Behavioral Health to elevate mental health as a citywide priority, a coordinated crisis response program, specialized supports for older adults, and pathways for greater representation of Boston residents and people of color in public safety jobs.
- Accelerating an equitable economic recovery by more than doubling investments in our Main Streets districts to support our small businesses; creating an innovative Legacy Business Fund; funding the new Office of Contract Services that will help tie city contracting to wealth-building opportunities for BIPOC- and women-owned local businesses; expanding workforce development for immigrant professionals, young people, and city residents; and investing in neighborhood placemaking, arts, and culture.
- Amplifying all voices, with a major expansion of our language access capacity, investments in immigration legal services, wraparound supports for returning citizens, and resources to grow our new Office of Black Male Advancement and Office of LGBTQ+ Advancement.
- Empowering youth and families, with a significant commitment to the Boston Public Schools through \$40 million in Operating Budget growth paired with over \$100 million in federal ESSER funding to support students and school communities, strengthen academics, and improve facilities and operations; a new Office of Early Childhood; and funding for 6,000 youth summer jobs and 1,000 full-year jobs.

To lay a foundation for the future, this operating budget works in concert with the federal resources of the American Rescue Plan Act (ARPA) to accelerate a Green New Deal for Boston. Of Boston's nearly \$560 million ARPA allocation, \$110 million has been previously earmarked for revenue replacement from FY22 to FY24 to support the City's annual operating budget and vital public services through the economic uncertainty of the pandemic. The City also previously appropriated \$90 million for an emergency relief package, financial support for small businesses, and a two-year fare-free bus pilot—leaving \$349.5 million for once-in-a-generation, transformational investments that must create lasting impact. Informed by community-driven visioning and guided by the urgency for bold change, our proposed investments include:

- \$206 million for housing stability, affordable homeownership and financial assistance to first-generation homebuyers, strategic acquisitions to combat displacement, and deeply-affordable housing creation on City-owned land; a nation-leading pilot to advance energy efficiency in triple deckers and other multi-family homes while maintaining affordability; and upgrades to public housing units across five sites for air quality, energy efficiency, and health;
- \$34 million for economic opportunity and inclusion, to grow BIPOC-owned businesses, further invest in our Main Street business districts, expand tuition-free community college and workforce training programs, and create a commercial rental rebate program to support small business recovery and build wealth in our neighborhoods;
- \$31.5 million for climate-focused investments, including expanding the Green Youth Jobs program, creating walking and biking infrastructure, growing and preserving our

urban tree canopy, strengthening our local food systems, and supporting electrification of the City vehicle and school bus fleet;

- \$20 million for transformative arts and culture investments that will facilitate placemaking and strengthen both downtown and our neighborhood communities;
- \$20 million to ensure an equitable response to the ongoing pandemic by support critical COVID-19 vaccination efforts, ongoing testing, community engagement, and continued collaboration with community-based organizations and community health centers;
- \$18 million to tackle behavioral health and substance use disorder challenges;
- \$15 million for investments in our early education and childcare system, including growing the early educator workforce and streamlining access and enrollment for Boston families; and
- \$5 million for evaluation and equitable administration, to support language access, establish an equity framework, and ensure strong compliance with federal guidelines.

These ARPA investments are paired with the Operating and Capital Budgets to jumpstart solutions to long-term challenges; coordinate across departments and sectors to deliver equity, climate resiliency, jobs, and health as the foundation for a Boston Green New Deal; and prioritize financial sustainability beyond ARPA. Along with coordinated housing investments, engineering and planning positions funded in the Operating Budget support ARPA-funded projects to make Boston more bikeable and walkable, as well as an expanded capital project for the Blue Hills Multimodal Corridor. A new Office for Early Childhood and a new Behavioral Health Center in the Operating Budget are complemented by significant infusions of ARPA funding to immediately scale impact.

It will take time for the city's economy to fully regain its footing, and we are planning carefully around the uncertainty from viral variants, geopolitical events, and macroeconomic pressures. This fiscally responsible, balanced budget fully funds our long-term liabilities, such as pensions and debt service, enabling investment in the largest Capital Plan in our City's history. The Capital Plan supports capital projects across all our neighborhoods, from healthier schools and beautiful libraries, to safer streets, street trees, and dog parks.

As we continue to emerge from the pandemic, this budget points the way toward an equitable recovery and charts the course for our brightest future. I look forward to the continued partnership of the City Council in this budget process and beyond. I respectfully request your favorable action on the FY23 Operating Budget, the FY23-FY27 Capital Plan and the forthcoming ARPA orders.

Sincerely,

Michelle Wu  
Mayor of Boston

TO THE BOSTON CITY COUNCIL

Dear Councilors:

I transmit herewith an appropriation order for the Boston Public Schools (BPS) for Fiscal Year 2023 (FY23), in the amount of \$1.33 billion, submitted pursuant to the provisions of Chapter 224 of the Acts of 1936, as amended by Chapter 190 of the Acts of 1982, as further amended by Chapter 701 of the Acts of 1986, Chapter 613 of the Acts of 1987, and Chapter 108 of the Acts of 1991.

As a BPS mom, I take special pride in lifting up Boston's young people as our citywide mission, and I am fiercely committed to connecting resources across every department in city government and every sector across our city to advance the health, happiness, and opportunity of our children and families. That requires investment, coordination, and community-building well beyond BPS, and this budget will be supplemented by those efforts.

Since the beginning of the pandemic, the entire BPS community—students, families, educators, and staff—has come together to ensure the well-being of our young people and support their learning in the face of challenging, ever-changing circumstances. Investing in our future means committing significant resources to supporting our school communities, so that every child, in every classroom, in every school has the opportunity to reach their full potential.

To that end, the FY23 BPS Operating Budget is focused on not only meeting this moment, but laying a foundation that will empower our school district to be all that it can be. The \$1.33 billion proposed BPS budget exceeds the City's prior BPS three-year funding commitment, targets areas where our students need the most support, and works to transform our public education system.

As part of an extensive public engagement process centered around the district's federal Elementary and Secondary School Emergency Relief (ESSER II and III) funding, BPS held public hearings to listen and learn from the families we are serving. We heard from students, parents, and educators who want inclusive instruction and curricula, engagement outside of the classroom, improvements to facilities, and more resources for families. All these priorities and more are reflected in the FY23 budget.

The FY23 BPS budget is also structured around an equitable recovery from COVID-19. It consists of three key principles: Return, Recover, and Reimagine. With both Operating Budget and ESSER investments addressing each of these principles, this budget will enable us to bridge gaps in opportunity and achievement, and make significant strides in supporting the social-emotional well-being of our students.

The FY23 BPS Operating Budget includes \$52 million in new investments, such as:

- \$6.6 million for new social workers, school psychologists, and guidance counselors, to build out coordinated, multi-tiered systems of support for students and their families;
- \$26.7 million directly to schools to ensure equitable access to vital student programs and services;
- \$5.5 million to expand access to libraries and invest in inclusive library collections and materials;
- \$6.8 million in operations improvements and expanded organizational capacity for transportation, food and nutrition services, and facilities maintenance repairs;
- \$3.8 million to increase access to MassCore at the secondary level and access to more physical education, art, music, and academic enrichment, creating high-quality, rigorous, and ethnically- and culturally-responsive curriculum and instruction; and
- \$2.6 million to expand language access with translations and interpretations for school meetings and materials.

With ESSER funding to help support our recovery, we have the opportunity to make transformative investments across the district, providing every student with opportunities to succeed and prepare them for the future. BPS is expected to receive a total of \$400 million in ESSER funding, of which \$108 million has already been appropriated for FY22, both directly to schools and for districtwide initiatives. In FY23, \$104 million in ESSER funds will work in tandem with operating investments to fund additional initiatives and improvements, such as:

- \$18 million to invest in high-quality facilities, HVAC systems, and air quality improvements;
- \$16.7 million to invest in supports and programming for English Language Learners and students with disabilities, as well as equitable literacy curricula;
- \$50 million directly to schools to tailor programming and recovery to the communities they serve; and
- \$10 million to expand access to academic counseling to complement the operating investment in high school guidance counselors.

The FY23 Operating Budget also includes a proposed \$16 million increase for our public charter school students, bringing our total public education funding up to \$1.6 billion. This \$56 million increase in FY23 represents over 26% of the total new City resources across all categories of spending. Public education spending remains over 40% of our City budget, and per-pupil spending at BPS will reach \$27,100, an increase of \$3,600 over last year. Key investments in the City Operating Budget and the FY23-27 Capital Plan will also accelerate district-wide school facilities planning initiatives and key construction and renovation projects to deliver school facilities that are safe, healthy, energy-efficient, and inspiring for our school communities.

During a time of transition in the district, the proposed FY23 BPS Operating Budget lays the foundation for transformational change across grade levels, schools, and neighborhoods, while bolstering existing supports and services on which students and families depend. I look forward to working with you to implement a bold vision for BPS, and I respectfully request your support of the FY23 appropriation for the Boston Public Schools.

Sincerely,

### ORDER FOR A HEARING REGARDING A COMPREHENSIVE, DISTRICT-WIDE PLANNING PROCESS FOR BOSTON'S WATERFRONT

*WHEREAS:* District One faces unique challenges as East Boston, Charlestown, and the North End are coastal communities bearing a significant burden of intentional and generational environmental injustices; and

*WHEREAS:* Boston's waterfront is a historic and treasured resource that is protected for all residents by the Public Waterfront Act (Chapter 91). As we prepare for sea-level rise due to climate change, we must prioritize waterfront planning and development that incorporates resilience, equity, accessibility; and

*WHEREAS:* According to a report from the First Street Foundation, Suffolk County faces the greatest risk of flooding with more than 45% of our critical infrastructure at risk, including hospitals, police, and fire stations. This is expected to increase by 20% by 2051; and

*WHEREAS:* Coastal flooding due to storm surge has increased on a more frequent basis and affects property owners and tenants alike. Severe flooding will result in the displacement of thousands, predominately those who are low-income and people of color, renters in basement or first-floor level units within the flood zone; and

*WHEREAS:* Boston has a significant role to play to protect our waterfront without depending on investments from private entities or developers. Taking a parcel-by-parcel approach to fortifying our coastline will not adequately address the urgent threat of coastal flooding. We must be able to meet the sea, on a district-wide scale, use both passive and active permeable landscapes; and

*WHEREAS:* In 2013, Boston began a Downtown Waterfront Municipal Harbor Plan (DWMHP) process that took four years to complete. By the time the plan was finalized in 2017, it did not adequately consider contemporary climate data and centered on individual development projects as a means to achieve resilience; and

*WHEREAS:* In addition, the community engagement process to solicit feedback on the Downtown Waterfront MHP was limited to a small group of residents with waterfront property. It did not take into consideration a majority of Bostonian's priorities for amenities, programming, or public realm improvements that foster a truly welcoming and inclusive waterfront; and

*WHEREAS:* Mayor Michelle Wu recently launched a municipal harbor planning process specifically for East Boston to create a predictable framework that prioritizes waterfront equity and resiliency; and

*WHEREAS:* While we consider the next steps for East Boston's new process, there are significant lessons to be learned from the Downtown Waterfront MHP in both the planning itself and community engagement; and

*WHEREAS:* The new planning process needs a holistic approach that is community-led with an emphasis on centering on the needs of residents and their vision for the waterfront. It should lean on progress made by both PLAN: East Boston and PLAN: Charlestown initiatives to ultimately shape a waterfront that offers affordable amenities including housing and commercial space, climate preparedness, transit infrastructure connectivity; and

*WHEREAS:* It should utilize contemporary resilience strategies seen around the world and meet goals set out by Climate Ready Boston. Collaboration with academic partners like the UMass Boston Stone Living Lab is key to analyzing the merits of large engineering solutions to sea-level rise, as applied in European cities such as Amsterdam, Rotterdam, and Venice; and

*WHEREAS:* Every resident has ownership of access to our waterfront but one only has to traverse the water's edge to feel the uninviting nature of the harbor walk. There is a lack of wayfinding signage in multiple languages and disjointed walkways with private security. Therefore, the new planning process should implement an equity lens to plan for the inclusion of

all Bostonians to enjoy the waterfront, regardless of race, ethnicity, and socioeconomic status;  
and

*WHEREAS:* Recently, there have been increased discussions around lifting certain waterfront properties from the Designated Port Area (DPA). Additionally, there are existing proposals for mixed-use developments on the waterfront that perpetuate a piecemeal approach to resiliency. The City of Boston needs to develop and implement a comprehensive, districtwide waterfront plan that takes into consideration modern resilience strategies and through an equity lens to guide any new proposed developments; **THEREFORE**

*BE IT ORDERED,*

That the appropriate committee of the Boston City Council holds a hearing to discuss a holistic, district-wide planning process for Boston's district one waterfront, and that relevant members of the Cabinet of Environment, Energy, and Open Space, the Boston Planning and Development Agency, with other advocacy organizations and stakeholders invited to testify.

### ORDER FOR A HEARING ON FIRE AND EMERGENCY DISASTER RELIEF SERVICES IN THE CITY OF BOSTON

**WHEREAS,** Every year, fires in residential properties wreak havoc on the lives of families and individuals; *and*

**WHEREAS,** By way of examples, on April 7, 2022 a fire destroyed 13 apartments and displaced over 40 people in Mattapan; *and*

**WHEREAS,** on April 29, 2022, young leaders from the Mattapan Teen Center held a bake sale at Almont Playground to raise money for the families displaced by the fires, most of whom lost all of their belongings in the fire and had difficulty securing alternative housing; *and*

**WHEREAS,** on February 28, 2022 a fire displaced 25 people including two elementary students and one high school student in East Boston; *and*

**WHEREAS,** A GoFundMe page was created by the East Boston community to support the displaced residents, raising \$50,055 by 526 individual donations; *and*

**WHEREAS,** Families and individuals that lack resources and capital, disproportionately our Black and Brown families, have trouble meeting their basic needs upon displacement and often do not have renter's insurance; *and*

**WHEREAS,** All landlords must maintain insurance policies for multi-unit residential buildings that provide for relocation benefits to tenants, and upon written request disclose the name of the insurance company; *and*

**WHEREAS,** Tenants may not be charged rent during the period the unit is uninhabitable and return any security deposit and last month's rent, and must be notified of this benefit at the beginning of the rental period; *and*

**WHEREAS,** Displacement by fire is grounds for priority one status for Boston Housing Authority (BHA) Section 8 and project-based subsidized housing. Tenants should get a copy of the Fire and Inspectional Services reports as proof of displacement; *and*

**WHEREAS,** The City of Cambridge has a Fire Relief Fund that residents, public and private entities, and others can donate to in order to assist those facing displacement due to fire; *and*

**WHEREAS,** Analyze Boston's Fire Incident Reporting system includes property and content loss figures but provides no quantifiable data on injury and displacement numbers; *and*

**WHEREAS,** The City of Boston has an Emergency Assistance Fund for victims of fire or natural disaster that should be connecting victims with clothing, food, health services, and helps cover upfront costs associated with obtaining new housing and be more inclusive of community-based efforts; ***NOW, THEREFORE BE IT***

**ORDERED:** That the appropriate committee of the Boston City Council hold a hearing to discuss fire and emergency disaster relief services in the City of Boston and ensure that all relief funds are appropriately maintained and funded, and that the Office of Neighborhood Services, Mayor's Office of Housing, Boston Housing Authority, Boston Fire Department, displaced individuals, and relevant departments, government entities, non-profits, and persons be invited to testify.

**WHEREAS,** According to BPS, as of October 2020 there are about 11,350 students aged 3-21 with disabilities (21% of total enrollment) enrolled in special education programs in BPS; *and*

**WHEREAS,** The special education budget totals roughly \$312 million in FY23, an increase of \$4.9 million, or 1.6%, from the FY22 budget.; *and*

**WHEREAS,** In FY23, BPS plans to dedicate \$6.7 million in ESSER funds for programming for students with disabilities that addresses the impact of COVID-19 on their learning and well-being, and a total projected cost of \$43 million for the educational services of approximately 467 special education students in out-of-district placements.

**WHEREAS,** Currently BPS cites a severe staffing shortage in Special Education with fifty-six open or vacant positions, which is causing some IEPs to go unfulfilled ; *and*

***NOW THEREFORE BE IT***

### ORDER FOR A HEARING REGARDING THE BOSTON PUBLIC SCHOOLS TRANSPORTATION SYSTEM

- WHEREAS,** The FY23 recommended budget for Boston Public Schools transportation is \$116,467,033, which comprises roughly 10% of all BPS spending; *and*
- WHEREAS,** Despite enrollment in BPS having declined by 8,000 since 2015, expenditures for BPS transportation have been steadily on the rise, with there being a roughly \$4 million increase in recommended spending between fiscal years 2022 and 2023; *and*
- WHEREAS,** BPS also provides transportation for out-of-district special education students, and these costs comprise 23.7% of the FY23 BPS transportation budget; *and*
- WHEREAS,** In the FY19 Budget, the Boston City Council approved a \$119 million budget for Boston Public School transportation and the district spent \$126 million; *and*

- WHEREAS,** It is crucial that students in Boston Public Schools have access to safe, reliable, and consistent transportation to and from school; ***NOW THEREFORE BE IT***

***ORDERED,***

### RESOLUTION DESIGNATING JUNE 2022 AS “LGBTQIA+ PRIDE MONTH”

- WHEREAS*, Individuals who are lesbian, gay, bisexual, transgender, queer or questioning, intersex, and asexual or allied (LGBTQIA+) in the City of Boston and in the Commonwealth of Massachusetts have made, and continue to make, vital contributions to our communities in every aspect, whether openly or without revealing their true authentic selves; *and*,
- WHEREAS*, The City of Boston cherishes the value and dignity of each and every LGBTQIA+ individual, appreciates the importance of equality and freedom for all to live, work, and play, and affirms that every family, in every form or composition, deserves a place to call home where they are safe, happy, and supported by their community; *and*,
- WHEREAS*, The City of Boston denounces prejudice and discrimination based on age, sexual orientation, gender identity or expression, race, color, religion, marital status, national origin, disability, or physical attributes as an affront to our fundamental principles; *and*,
- WHEREAS*, The demonstrators, led by Black and Brown transgender activists Marsha P. Johnson and Sylvia Rivera, who protested in June 1969 following a law enforcement raid of the Stonewall Inn, an LGBTQIA+ club in New York City, rose against police harassment and discrimination, demonstrated bravery and resilience in what became known as the Stonewall Uprising, and are trailblazers of the ongoing LGBTQIA+ movement; *and*,
- WHEREAS*, LGBTQIA+ individuals, in particular transgender and gender nonconforming individuals, especially those of color, face a disproportionately high risk of becoming victims of violent hate crimes, and 2022 thus far has seen at least fourteen transgender people fatally shot or killed by other violent means; *and*,
- WHEREAS*, The lack of comprehensive collection of sexual orientation and gender identity or expression demographic data causes tremendous harm to LGBTQIA+ individuals who remain largely invisible to the government entities entrusted with ensuring their health, safety, and well-being; *and*,
- WHEREAS*, Acquired Immunodeficiency Syndrome (“AIDS”) has disproportionately impacted LGBTQIA+ individuals in the United States, due in part to a lack of funding and research devoted to finding effective treatments for AIDS and the Human Immunodeficiency Virus (“HIV”) during the early stages of the HIV and AIDS epidemic; *and*,

- WHEREAS*, Gay and bisexual men and transgender women of color have a higher risk of contracting HIV, and the LGBTQIA+ community maintains its unwavering commitment to ending the HIV and AIDS epidemic; *and*,
- WHEREAS*, The COVID–19 pandemic has compounded the systemic inequality that LGBTQIA+ individuals face in the healthcare, employment, and housing systems in the United States, which has led to a disparate impact on LGBTQIA+ individuals; *and*,
- WHEREAS*, LGBTQIA+ youth are at increased risk of suicide, homelessness, becoming victims of bullying, violence, human trafficking, as well as developing mental health conditions including anxiety and depression, and LGBTQIA+ youth of color are overrepresented in child welfare and juvenile justice systems; *and*,
- WHEREAS*, Pride Month is a celebration of visibility in spite of marginalization, and the LGBTQIA+ community continues this recognition through Pride gatherings, whether physically or by virtual means due to health and safety measures in the ongoing pandemic; *and*,
- WHEREAS*, In June 2020, the Supreme Court of the United States affirmed that existing civil rights laws prohibit employment discrimination on the basis of sexual orientation and gender identity, a landmark victory for the LGBTQIA+ community; *and*,
- WHEREAS*, Despite gains for the LGBTQIA+ community, transgender and gender nonconforming individuals have continually bore a heavy burden of bias, codified into discriminatory policies and laws which have resulted in efforts to deny gender-affirming care to young people and adults as well as bias in health care settings; *and*,
- WHEREAS*, Resisting marginalization throughout history, LGBTQIA+ individuals continue to celebrate their identities, love, and contributions to our communities in various expressions of Pride, while looking both backward and forward at the challenges and achievements which remain just as pertinent today as they were in 1969; *and*,
- WHEREAS*, Pride Month is also a recognition that there is more work to be done to enshrine civil rights protections and build a future for all LGBTQIA+ individuals; *and*,
- WHEREAS*, While we celebrate Pride in our LGBTQIA+ community’s existence, resilience, and achievements to date, we must also include a commitment to furthering equity and all the work that still lies ahead; *NOW, THEREFORE, BE IT*
- RESOLVED*: That the Boston City Council recognizes and celebrates the month of June 2022 as “LGBTQIA+ Pride Month” in the City of Boston and encourages all government agencies, public and private institutions, businesses, and schools to take measures to support and affirm the rights, freedoms, dignity, equal treatment, health, and safety of lesbian, gay, bisexual, transgender, queer or questioning, intersex, and asexual or allied individuals.
