CITY OF BOSTON IN CITY COUNCIL

IN THE YEAR TWO THOUSAND TWENTY TWO

HOME RULE PETITION

WHEREAS: The Beacon Hill Historic District ("District") was created by Chapter 616 of the acts of 1955 (the "Enabling Act"), originally encompassing only the South Slope of Beacon Hill of Boston, with the intent of protecting historically important architectural features on Beacon Hill, and thereafter the Enabling Act was amended several times to enlarge the District to include more areas of Beacon Hill, including the entire Flat of Beacon Hill but only part of the North Slope of Beacon Hill; *and*

WHEREAS: When almost all of Beacon Hill's North Slope was added to the District in 1963 by Chapter 622 of the Acts of 1963, a section of the North Slope was not included in the District, specifically an approximately 40-foot-wide area running from Charles Circle to Bowdoin Street along the Beacon Hill side of Cambridge Street ("40-Foot-Wide Area"); *and*

WHEREAS: There are numerous historically significant buildings in the 40-Foot-Wide Area, including the 1896 Puffer Building, located at 214-218 Cambridge Street; *and*

WHEREAS: In 1963, there was apparently concern that an expanded District encompassing the entire North Slope might interfere with the City of Boston's plans at that time to build a new fire station on the Beacon Hill side of Cambridge Street, to accommodate Engine Company 4 and Ladder Company 24, which had previously been located at the Bowdoin Square firehouse that had closed in fall 1963, and which has since been constructed at 200 Cambridge Street; *and*

WHEREAS: Especially given the significant new development project proposed by Massachusetts General Hospital expected to begin construction shortly, it is now important that the District be extended all the way down the North Slope of Beacon Hill to Cambridge Street, so as to bring those historic buildings that remain on the Beacon Hill side of Cambridge Street into the architectural protections afforded by the District and discourage their future demolition; *and*

WHEREAS: Another change being proposed would give the Beacon Hill Architectural Commission ("BHAC") the specific authority to levy fines for violations of the Enabling Act, as the Enabling Act currently provides for such fines to be imposed on violators of the historic preservation rules set forth therein, but does not specifically state that the BHAC can

levy such fines, for which reason the BHAC does not currently levy fines to punish violations of the Enabling Act and the Beacon Hill Architectural Guidelines (“Guidelines”); *and*

WHEREAS: A further proposed change would require that any reconstruction that is done to an exterior historic architectural feature in the District after it is fully or partially altered or demolished for any reason of public safety must be done within the architectural requirements of the Enabling Act and Guidelines; *NOW THEREFORE BE IT*

ORDERED: That a petition to the General Court, accompanied by a bill for a special law relating to the City of Boston to be filed with an attested copy of this Order be, and hereby is, approved under Clause One (1) of Section Eight (8) of Article Two (2), as amended, of the Amendments to the Constitution of the Commonwealth of Massachusetts, to the end that legislation be adopted precisely as follows, except for clerical or editorial changes of form only.
