Dear Mr. President,

I am writing to inform you of my absence during today's City Council meeting. I am currently away and unable to attend in person. A representative from my staff will be listening in and following up with me upon my return. Though I am not able to vote given my absence, I would like to go on record as in strong support of the proposed Transfer Fee home rule petition. I appreciate your understanding and that of the rest of the City Council.

Sincerely,

Julia Mejia
