REPORT OF COMMITTEE CHAIR

March 16, 2022

Dear Councilors:

Docket #0264, order to review applications for the Commission on Black Men and Boys, was sponsored by Councilors Julia Mejia and Ed Flynn and referred to the Committee on February 9, 2022. The Committee held a working session on March 10, 2022.

Summary of Legislation As Filed:

The purpose of this order is to direct the City Council to receive applications from interested persons for appointment to the Commission on Black Men and Boys (“Commission”). The applications will include a brief statement of interest and suitability as a member of the commission. The Commission consists of 21 members and working in collaboration with the City Council, Mayor Wu is accepting 14 recommendations from the City Council of which seven will be appointed to serve on the commission.

Information Gathered at the Working Session:

An ordinance creating this Commission on Black Men and Boys was initially codified last September as Chapter 11 of the Ordinances of 2021. The ordinance outlines the membership of the Commission and defines its objectives which include but are not limited to advising the Mayor on issues pertaining to Black men and boys, determining budget and policy priorities, and designing projects and programs that promote equity. This year the current ordinance was amended by adding provisions relating to an executive director and defining the role of the executive director. The Mayor will appoint an Executive Director of the Black Boys and Men Commission who will be an existing, paid employee of the City of Boston, to oversee and run the daily operations and administration of the Commission. The executive director would have the powers of a department head to execute contracts, to manage personnel, and advise the Commission. The executive director would be a member of the Commission ex officio without additional compensation and would have a vote on matters before the Commission.

The amendment approved this year was necessary so that a paid city employee is a member of the Commission and is able to execute contracts and manage personnel as required under the ordinance.

In order to collaborate with the City Council, the Mayor requested recommendations from the City Council and will appoint seven members to the Commission from the City Council’s fourteen recommendations. The City Council established an online application process where

residents could apply to be one of the fourteen nominees submitted by the City Council. Commission members will serve two, three, or four year terms.

Councilors discussed the importance of the role of the Commission in ensuring that the perspective of Black men and boys is recognized. Councilors discussed the critical role of the Commission in addressing inequities in the City of Boston and ensuring that the City of Boston is more welcoming. Councilors nominated two to three individuals for consideration by the Mayor for appointment to the Commission. Councilors discussed the community involvement and experience of their nominees. Councilors also recognized the work of former District 7 City Councilor Tito Jackson with this issue and Councilors expressed support that City Councilor Brian Worrell serve as a Commission member. Councilors emphasized the importance of participation. Councilors encouraged those who are not selected to stay involved.

Rationale and Recommended Action:

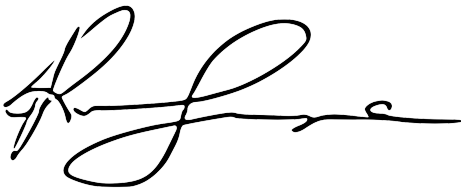

Passage of this order will approve the names of the following fourteen individuals for submission to Mayor Wu: Tito Jackson; Darryl Miller; James Hills; Dave Bazil; James Mackey; Jeff Similien; Justin Brown; Alex Edwards; Devin Morris; Kurt Faustin; Kwame Adams; Louis Elisa; Osa Ohiomoba; and, Stephen Hanton. From these recommendations, Mayor Wu will appoint seven members to serve on the Commission. Brian Worrell was overwhelmingly supported by the City Council process; however, will be included in the administration's selection process.

By the Chair of the Committee on Government Operations, to which the following was referred:

Docket #0264, order to review applications for the Commission on Black Men and Boys, ,

submits a report recommending that this order ought to pass.

TO THE CITY COUNCIL

Dear Councilors:

I transmit herewith for your approval an Order, An Ordinance Regarding Targeted Residential Picketing, to protect the quality of residential life in our city. The City of Boston (the “City”) has a legacy of supporting activism and free speech. The City also strives to ensure quality of life in every neighborhood. The practice of targeted residential picketing—which means picketing, protesting, or demonstrating, with or without signs, that is specifically directed towards a particular residence or one or more occupants of the residence and which takes place before or about the targeted residence—harasses residents and neighbors in their private homes and communities. Targeted residential picketing that occurs late at night or early in the morning increases the intrusion on the privacy and sanctity of the home, and is particularly harassing and detrimental to the sleep and well-being of families, including seniors and families with children.

The City is committed to the First Amendment right to protest, while upholding our responsibility to safeguard residents’ privacy and the quality of residential life. This proposed regulation regarding targeted residential picketing does not prohibit picketing in residential areas or marches that pass through residential areas. Rather, it applies parameters to protect residents’ well-being through reasonable restrictions on picketing directed at a specific residence only at night and in the early morning. Many other opportunities also exist for individuals to exercise their important free speech rights in the City, such as picketing, protesting, attending marches or rallies, or demonstrating in front of City Hall and other government buildings, on sidewalks, and in public parks and plazas, among others.

This Order will augment existing prohibitions against excessive noise, disturbing the peace, and blocking of streets and sidewalks by providing clear guidelines around targeted residential picketing.

I recommend the adoption of this Order by your Honorable Body.

Sincerely,

Michelle Wu
Mayor of Boston

AN ORDER FOR A HEARING TO DISCUSS THE REGULATION AND SITING OF CANNABIS ESTABLISHMENTS IN THE CITY OF BOSTON AND THE ZONING BOARD OF APPEALS

- WHEREAS,** In 2019 the City of Boston passed An Ordinance Establishing Equitable Regulation of the Cannabis Industry in the City of Boston; *and*
- WHEREAS,** That Ordinance created the Boston Cannabis Board with the intention that the Board would have regulatory and siting authority over the marijuana industry in Boston; *and*
- WHEREAS,** Current codes and regulations require applicants seeking to open a marijuana establishment in Boston to appear before both the Boston Cannabis Board and the Zoning Board of Appeals; *and*
- WHEREAS,** Appearing before the Zoning Board of Appeals after receiving approval from the Boston Cannabis Board can take months, which is an undue burden on the applicants; *and*
- WHEREAS,** The Zoning Board of Appeals has already denied multiple applicants that have previously been approved by the Boston Cannabis Board, potentially exposing the City to legal action;
- WHEREAS,** Currently approximately six applicants have been approved by the BCB but denied by the Zoning Board of Appeals, three of the six are equity applicants
- WHEREAS,** In 2021, the City Council passed a zoning amendment separating the ZBA from the process of citing cannabis establishments and significantly changed the Boston Cannabis Board regulations to consider location, to enforce the half mile buffer, and to add members to the board with labor and zoning expertise. **THEREFORE**

BE IT ORDERED

That the appropriate committee of the Boston City Council holds a hearing to discuss the zoning of cannabis establishments and the role of the Zoning Board of Appeals. Furthermore, representatives of Mayor Wu's administration and other interested parties will be invited to testify.

CITY OF BOSTON IN CITY COUNCIL

ORDER FOR A HEARING ON THE IMPORTANCE OF CENSUS AND DEMOGRAPHIC DATA AND THE CONSEQUENCES OF AN UNDERCOUNT

- WHEREAS,** The United States Census Bureau conducts the federal decennial census as an official count of every person and household, and 2020 Census Redistricting Data released on August 12, 2021 enumerated a population of 675,647 residents in Boston; *and*
- WHEREAS,** Recent reports indicate that the 2020 Census seriously undercounted the number of Hispanic, Black and Native American residents in the U.S.; *and*
- WHEREAS,** The American Community Survey is an ongoing Census Bureau survey providing on a yearly basis vital and more detailed demographic data on jobs and occupations, educational attainment, veteran and disability status, homeowners and renters, language spoken at home, commuting patterns, poverty status, and more; *and*
- WHEREAS,** The Census Bureau also conducts an annual Population Estimates Program between each decennial census, known as intercensal estimates, calculated using a “population base” determined by the results of the last decennial census, which takes into account population change including births, deaths, and migration; *and*
- WHEREAS,** The Census Bureau also conducts annual Housing Unit Estimates, beginning with the results of the last decennial census and factoring in a local government unit’s reported building permits and new residential construction; *and*
- WHEREAS,** There are official processes to challenge results of both the Census Bureau’s decennial census enumeration and intercensal annual population estimates, and the City of Boston has a record of successfully disputing population estimates in court in 2005, 2006, 2007, 2008, and 2014, with Boston’s official population estimates being revised with increases between 5,000 to over 35,000 residents each time; *and*
- WHEREAS,** The official decennial census enumeration not only determines the population base for future population estimates, but intercensal population estimates are also used to determine the distribution of billions of dollars in state and federal funding, and are used by public officials, planners, policymakers, and researchers to assess past and present conditions to plan for the future; *and*
- WHEREAS,** At the local level, the City of Boston Election Department conducts an Annual Resident Listing, also known as the City’s Annual Census, of all residents 17 years of age or older, which in recent years has been conducted alongside a language and disability survey, and a first-in-the-nation childcare survey, data from which informed the 2019 “Making Childcare Work” report released by the Mayor’s Office of Women’s Advancement and the Economic Mobility Lab; *and*
- WHEREAS,** The federal Census Bureau’s Count Question Resolution Operation (CQR) provides an opportunity for local governmental units to request the review and correction of errors relating to population counts, and is among the final operations by which updates to the Census data can be made; *and*

- WHEREAS,** On January 3, 2022, the Census Bureau began accepting and researching case submissions from local governmental units for the Count Question Resolution Operation, and on January 26, 2022 the Boston City Council adopted Docket #0203, an Order for the City of Boston to submit a Count Question Resolution Operation Case to the United States Census Bureau; *and*
- WHEREAS,** While the CQR Operation will not revise data for the purposes of electoral redistricting, revisions to Census enumeration data will inform future population estimates, assure the accurate distribution of state and federal funds, and provide improved demographic data for the next decade of policy-making; *and*
- WHEREAS,** The Census Bureau is also in the process of initiating a system for governmental units to challenge population counts specifically for group quarters, such as college dormitories and correctional facilities, through a separate program, the 2020 Post-Census Group Quarters Review; *and*
- WHEREAS,** The 2020 Group Quarters Census data reflected 5,000 fewer students than City of Boston data analyzed by the Department of Neighborhood Development, likely due to college students who shifted to study remotely in March 2020; *and*
- WHEREAS,** Analysis conducted by the Research Division of the Boston Planning and Development Agency found that according to the 2020 Census data, “Allston’s population fell by 5.9 percent, with a 40 percent decline in the group quarters population, suggesting that the college dorm population of Allston may not have been correctly counted in the wake of the pandemic evacuation”; *and*
- WHEREAS,** The Group Quarters Population concern is also reflected in the enumeration of the City’s correctional facilities, with the Suffolk County Department of Corrections records showing their two facilities housed approximately 500 additional residents than reported in the 2020 Census redistricting data; *and*
- WHEREAS,** The UMass Donahue Institute’s Population Estimates Program is the official Federal-State Cooperative for Population Estimates (FSCPE) representative for Massachusetts and the formal mechanism by which the Commonwealth submits data updates, corrections, and challenges to the Census Bureau, ensuring that the population estimates and counts produced by the Census Bureau for Massachusetts geographies are as accurate and comprehensive as possible; *and*
- WHEREAS,** Demographic data is an asset of the public good, used to inform complex policy decisions such as service delivery, targeted allocation of public funds and resources, strategic responses to crises, measure success, improve the efficiency of government programs, and due diligence must be paid to ensure its accuracy; **NOW, THEREFORE BE IT**
- ORDERED:** That the appropriate committee of the Boston City Council hold a hearing to discuss the importance of accurate census and demographic data for grant funding and policy making, including ramifications of an undercount, the City’s challenge to the decennial census, and that representatives of the BPDA Research Division, the Elections Department, the Citywide Analytics Team, the Department of Innovation and Technology, the Equity and Inclusion Cabinet, and the UMass Donahue Institute, as well as researchers, demographers, and interested members of the public be invited to attend.

- WHEREAS,** The Pauline Agassiz (P.A.) Shaw Elementary School, a K0-3 feeder school located in Dorchester, demonstrates each of these values thanks to the hard work and persistent advocacy of educators, family members, and the community at-large; *and*
- WHEREAS,** The amazing work of the educators and administrators of the P.A. Shaw school as demonstrated at recent School Committee meetings where many students spoke about how much they have been able to learn since attending the Shaw; *and*
- WHEREAS,** One student in particular spoke about how they had not learned to read before enrolling at the Shaw, but is now able to read thanks to the work of her family members and educators; *and*
- WHEREAS,** Despite BuildBPS plans to expand the Shaw to K-5, the School Committee has gone back on that plan, recently deciding to close one of the two third grade classrooms in the school; *and*
- WHEREAS,** Although the administration has assured the family members, educators, and the neighborhood that the school will not be closed, it is unclear whether BPS will honor that commitment; *and*
- WHEREAS,** Schools like the Shaw, which demonstrate education excellence, should be looked on as schools to be nurtured, developed, and expanded; *and*
- WHEREAS,** Advocates for the Shaw are currently in the process of pushing for a fourth grade option at the Shaw as a demonstration from BPS of their willingness to recognize and expand on the work being done at the school; *and*
- WHEREAS,** School closures, transfers, and grade reconfigurations have a major impact on the mental health of students; *and*
- WHEREAS,** Allowing schools that demonstrate educational excellence to expand would help allow students to grow and develop in one space; *and*

WHEREAS, The Boston City Council has an obligation to ensure that every student has access to local, quality public education in schools like the Shaw; ***NOW THEREFORE BE IT***

RESOLVED: That the Boston City Council recognizes the tremendous work of the family members, students, and educators of the P.A. Shaw Elementary School in creating an exemplary school environment; ***AND BE IT FURTHER***

RESOLVED: That the Boston City Council urges the School Committee to support the community's push for a fourth grade option at the P.A. Shaw Elementary School, and eventually for a fifth and sixth grade so the Shaw comes into alignment with the current BPS grade configuration for elementary schools.

RESOLUTION CONCERNING EQUITABLE GLOBAL VACCINATION AGAINST COVID-19

- WHEREAS,** The Center for Systems Science and Engineering at Johns Hopkins University reports that as of March 11, 2022, there have been 453,387,068 cases and 6,028,428 deaths attributed to COVID-19 across the globe; *and*
- WHEREAS,** On Friday, March 11, 2022, Greater Boston Trade Justice organized a rally and vigil at the John F. Kennedy Federal Building in Boston to recognize the second anniversary of the COVID-19 pandemic and call for global vaccine access and equity; *and*
- WHEREAS,** According to the Centers for Disease Control and Prevention, 694,725,135 doses of the vaccine against COVID-19 have been delivered across the country as of March 11, 2022, and 216,449,810 people (over 65% of the U.S. population) are considered fully vaccinated; *and*
- WHEREAS,** More than 10.9 billion vaccine doses have been administered globally, and about 50 percent of the global population is now fully vaccinated, mostly in wealthier countries, however more than 3 billion people around the world have yet to receive a single dose, and many lower-income nations have relied on vaccines such as China's Sinovac, which appear to be less effective at warding off Omicron infections than the mRNA shots produced by Moderna and Pfizer-BioNTech; *and*
- WHEREAS,** A failure to vaccinate the global population as quickly as possible will allow the virus to continue mutating and developing resistance to existing vaccines, as has been confirmed by the emergence of the Omnicron variant; *and*
- WHEREAS,** The Greater Boston region is home to the global headquarters of Moderna and a major research campus of Pfizer, two of the companies currently enjoying patent protections over the COVID-19 vaccine; *and*
- WHEREAS,** Pharmaceutical corporations are already preparing to sell additional booster shots at high prices in wealthy nations before most people in poorer nations will receive even an initial dose; *and*
- WHEREAS,** There is a moral imperative to scale up vaccine distribution as efficiently and equitably as possible, and the United States must not be allowed to prioritize pharmaceutical corporate profits and vaccine nationalism over the lives and livelihoods of billions of people around the world; *and*
- WHEREAS,** On October 2, 2020, India and South Africa requested a temporary waiver of patents, trade secrets, and other intellectual property protections required by the World Trade Organization (WTO) agreement on Trade Related Aspects of Intellectual Property Rights (TRIPS) on COVID-19 related health technologies, because such protections give pharmaceutical companies monopoly control over the production, price, and distribution of COVID-19 vaccines, including the right to prevent localized manufacturing of the vaccine by qualified producers in underserved regions of the world; *and*

- WHEREAS,** This waiver would end vaccine originators’ ability to block production and provide the legal certainty needed for governments and investors to start constructing pharmaceutical manufacturing facilities and repurposing existing ones, accelerating the global vaccination effort; and would be a significant, valuable tool in the control and elimination of global vaccine inequity; *and*
- WHEREAS,** More than 130 countries support granting all or part of the WTO TRIPS waiver, however, despite President Biden’s stated support, the Office of the United States Trade Representative (USTR) has not been assertive in their promotion of the waiver; *and*
- WHEREAS,** Since November 24, 2021, the Moderna Company has added \$40 billion to its market capitalization, more than a third, which is pricing in over 3 billion additional shots, however, has refused to support the TRIPS waiver and has further refused to transfer its mRNA vaccine technology to the WHO COVID-19 Technology Access Pool or to qualified manufacturers, including the WHO mRNA Technology Transfer Hub; *and*
- WHEREAS,** Development of the Moderna vaccine was done in partnership with the federal government – specifically scientists at the National Institutes of Health (NIH) – and almost entirely funded by American taxpayers; *and*
- WHEREAS,** No one in the United States or any country will be safe from the virus until the entire world has access to the vaccines, treatments, and tests needed to end the COVID-19 pandemic; *and*
- WHEREAS,** The Defense Production Act, Bayh-Dole Act, and 28 U.S.C. sec. 1498 are the primary, but not only, sources of presidential authority to expedite and expand the supply of resources from the U.S. and foreign industrial base to support both the U.S. and the world at large;
NOW, THEREFORE BE IT
- RESOLVED:** That the Boston City Council goes on record urging the U.S. WTO representatives to, as WTO Director-General Ngozi Okonjo-Iweala states, “step up urgently to do our part to reach a multilateral outcome on intellectual property and other issues so as to fully contribute to the global efforts in the fight against COVID-19”; ***AND BE IT FURTHER***
- RESOLVED:** That the Boston City Council goes on record urging the Biden-Harris administration to greatly intensify their efforts to deliver on the WTO TRIPS waiver, as well as to facilitate broad technology transfer to speed vaccine production, and to fund significantly expanded global manufacturing to expedite vaccine supplies that are necessary to end the pandemic;
AND BE IT FURTHER
- RESOLVED:** That the Boston City Council goes on record urging the Moderna and Pfizer corporations, specifically, to engage in immediate and full mRNA vaccine technology transfer with multiple qualified manufacturers globally and to manufacture for low- and middle-income countries a larger amount of COVID vaccines at an affordable cost; ***AND BE IT FURTHER***
- RESOLVED:** That the City Clerk be, and hereby is, requested to forward suitably engrossed copies of this resolution to the US delegation to the WTO, President Biden, the Boston Congressional Delegation, and the CEOs of Pfizer and Moderna on behalf of the entire Boston City Council.
