ORDER FOR A HEARING REGARDING USING PLANNING AND LAND-USE TOOLS FOR PUBLIC GOOD

WHEREAS: The City of Boston and the Boston Planning and Development Agency (BPDA) have a variety of urban planning and land-use tools that could be better leveraged and utilized to benefit the public; *and*

WHEREAS: The BPDA’s existing M.G.L. Chapter 121B “urban renewal” zones must be voted upon by the Council before April 2022, a process which should include ending a number of these zones while maintaining some targeted extensions in order to avoid losing key planning and land-use tools and restrictions for the public good in those areas; *and*

WHEREAS: In the 1980s, the Boston Redevelopment Authority (now d/b/a BPDA) used its M.G.L. Chapter 121B “urban renewal” powers to enable the Dudley Street Neighborhood Initiative (DSNI) to assemble a land trust in a 60-acre area — the first time such governmental powers were used on behalf of a non-profit anywhere in the country; *and*

WHEREAS: Since then, community land trusts (CLTs) have blossomed across the United States, and new ones have sprung up in Boston — but with very limited access to land; *and*

WHEREAS: Boston should build on its past tradition and use BPDA tools to help secure more land for the community purposes and long-term affordability that CLTs can ensure; *and*

WHEREAS: Boston should also use BPDA tools to acquire more parcels for public purposes including for public, deeply affordable, and cooperative housing, and for preservation of historical and cultural treasures, and as an extension of the Parks Department’s new Parcel Priority Plan to acquire more space for urban wilds, rain gardens, urban farms, urban forestry, and other sustainable uses; *and*

WHEREAS: Many of the older ground-leases that Boston granted in order to spur economic development in the 1960s and 1970s were negotiated to very much favor the private lessee and therefore regrettably generate little revenue for the public, such as the lease at Faneuil Hall; *and*

WHEREAS: Certain long-term ground-lease terms have, however, generated significant returns for the public as values have increased with redevelopment, such as the 2% transaction fee provision attached to transfers of condominiums on BPDA land in the Charlestown Navy Yard; *and*

WHEREAS: In some cases, the Land Disposition Agreements (LDAs) attached to BPDA parcels have resulted in major benefits to the public, such as long-term housing affordability or the creation of the Boston Public Market; *and*

WHEREAS: Both the BPDA Department of Real Estate and the Boston Housing Authority's (BHA) Department of Real Estate Development have in recent years worked to ensure that new long-term ground leases are structured much more favorably for the public interest, in closer imitation of models across Europe, the United Kingdom, and even within Boston at the Massachusetts Port Authority (Massport); *and*

WHEREAS: Today's City of Boston, BPDA, BHA, and Boston Public Health Commission (BPHC) ground-leases should be written to ensure that the long-term value of public land is captured by the public, meaning that in addition to base rent, the public should share in long-term escalating private profits from the site through regular "participation rent" and through "transaction rent" on every occasion of a sale; *and*

WHEREAS: Substantial portions of these long-term public profits should be reinvested in public goods of obvious utility to the public, in addition to supporting regular public agency budgets; *and*

WHEREAS: City deed restrictions and ground-leases should also be structured to provide preferential options for conversion to cooperative or community land trust structures whenever possible; *and*

WHEREAS: The public should also share in the benefits when the long-term financial value of private land is majorly enhanced through public "up-zoning"; *and*

WHEREAS: Such benefits should include increasing the ratio of required affordable housing for PDAs, PDA Master Plans, and major rezoning proposals in order to tether density and affordability; *NOW THEREFORE BE IT*

ORDERED: That the appropriate committee of the Boston City Council hold a hearing to discuss utilizing the full extent of our planning and land use tools for the public good, as well as both conclusion and extension of the BPDA's "urban renewal" zones, and that representatives from BPDA, BHA, BPHC, the Department of Neighborhood Development, the Public Facilities Department, community land trust groups, and the public be invited to testify.

TO THE CITY COUNCIL

Dear Councilors,

I hereby transmit for your approval an Order for a short term extension of nine (9) of the fourteen (14) remaining urban renewal plans in Boston. Since its inception, urban renewal has played a significant role in shaping growth and affecting the community in Boston. The destructive use of urban renewal powers in past decades caused significant harm and displacement of thousands of families in certain communities in Boston. With this action, The City will begin the process of winding down the Boston Redevelopment Authority's ("BRA" d/b/a the Boston Planning & Development Agency "BPDA") powers of urban renewal as part of a broader effort to move past the tool's legacy of displacement and neighborhood destruction, and build transparency and accountability to community members. My administration is committed to putting equity at the forefront of planning and development decisions and the sunseting of urban renewal in Boston should be viewed through this lens. We are asking for an extension of the remaining plans through the end of this calendar year, in order to have time for accelerated planning on how the Agency can formulate sunseting of this program. We intend to return to the Council later this year with that plan, which may include a further extension of some plans at that point to wrap up ongoing community-centered efforts.

In April 2016, the City Council granted approval of a six (6) year extension of Boston's fourteen (14) urban renewal plan areas, which was subsequently approved by the Department of Housing and Community Development in August 2016. It is time now to review the ongoing use of the urban renewal tools within the existing plan areas and determine the future necessity of the urban renewal plans. We are acting decisively to immediately sunset five (5) of the fourteen (14) urban renewal plans on April 22, 2022, and proposing an eight (8) month extension for the remaining nine (9) plans to solidify the big picture transition.

As it currently stands, the BPDA has identified over 1,300 parcels with existing Land Disposition Agreements tied to urban renewal powers, some of which provide protections for

affordable housing, open space, and other land use provisions. This additional time will give the City and the BPDA the time to set a plan for potential state legislation to transfer or protect the appropriate provisions.

Additionally, we are hiring for a Chief of Planning whose leadership will be critical to setting the direction for urban renewal sunsetting and larger structural reforms.

I urge your Honorable Body to adopt this Order expeditiously to provide time for discussions with the City Council and community stakeholders as it relates to the timeline for the sunsetting of the remaining plans.

Sincerely,

Michelle Wu

**AN ORDER BEGINNING THE PROCESS OF SUNSETTING URBAN
RENEWAL IN THE CITY OF BOSTON UNTIL DECEMBER 31, 2022.**

- WHEREAS: Urban renewal was created as a set of tools for municipalities to address so-called blighted areas by acquiring private property, relocating residents, and clearing away the old buildings to make room for new development and uses; and
- WHEREAS: In practice, low-income communities were targeted for demolition, then replaced with development of new residential and commercial uses benefiting wealthier residents; and
- WHEREAS: Prior uses of urban renewal powers by the Boston Redevelopment Authority (“BRA”) have caused harmful and unnecessary destruction of homes and neighborhoods resulting in unjust social equity outcomes within the City of Boston, most notably in the West End where thousands of immigrant and low-income and working-class residents were unjustly evicted; and
- WHEREAS: The City of Boston is working tirelessly to promote the sound growth and development of its neighborhoods and to provide places for Boston's residents to live, work, and recreate; and
- WHEREAS: The results of this activity have been the creation and preservation of homes and businesses, as well as parks, schools, libraries and other public facilities, leading to Boston's reputation as one of the world's most vibrant and livable cities; and
- WHEREAS: The City’s application of the urban renewal tools in recent decades has created and preserved nearly ten thousand (10,000) units of affordable housing, creating and protecting open space, providing new opportunities for many of Boston's residents, enabling public-private partnerships, and bolstering planning efforts; and
- WHEREAS: The City of Boston maintains fourteen (14) active urban renewal plans originally approved by the BRA, the Boston City Council, the

Mayor of Boston and the Department of Housing and Community Development, which plans were most recently extended for six (6) years in August 2016; and

WHEREAS: Since the 2016 extension, the BRA has facilitated a community engagement process that has garnered input on the future of urban renewal, and has made relevant urban renewal documents accessible to the public through the zoning viewer; and

WHEREAS: The BRA has identified nine (9) plan areas that could benefit from a temporary extension of the use of the urban renewal tools and protections, and opportunities exist to advance positive community-oriented outcomes, in partnership with the City and community stakeholders; and

WHEREAS: By their provisions and previous extensions granted, the plans, the protections established from responsible use of the urban renewal tools, and the powers conferred therein will terminate on April 22, 2022 unless so extended; and

WHEREAS: An expiration of nine (9) of the fourteen (14) active urban renewal plans on April 22, 2022 without further discussion could have unintended negative consequences for some community members in the larger plan areas with a high prevalence of Land Disposition Agreements; and

WHEREAS: The expiration of five (5) urban renewal plans on April 22, 2022 is appropriate, as the original intent and purpose of these plans has been fulfilled; and

WHEREAS: The BRA seeks an eight (8) month extension for nine (9) of the active urban renewal plans that are set to expire on April 22, 2022; and

WHEREAS: Each plan includes within its provisions the ability to modify said termination date and extend said plan.

ORDERED: That the City Council does hereby approve the extension of the term of the urban renewal plans listed below, to December 31, 2022:

WHEREAS, Many parents are prohibited from such positive interactions due to lack of financial resources, educational resources, and or flexible work schedules, causing parents to experience time poverty, which creates obstacles toward dedicating appropriate time to their child's educational concerns, in contrast to what's made available to privileged families of higher socioeconomic status. Single parent households are additionally burdened by lack of available flexibility to address their children's needs out of school time; *and*

WHEREAS, Often minority parents experience negative interactions with school personnel, relate being treated as second class citizens, and feel alienated from the educational process which ultimately erects additional barriers to more parental involvement; *and*

WHEREAS, Parents and caregivers with strong mental health support are more likely to provide a positive quality of life and perform more consistently at home, in school, and community.
