Re: Docket 1190 - 17F Request Related to Boston Rental Relief Fund

Dear Councilor Mejia:

We have received your demand for records under the Massachusetts Public Records Law, filed with the City Council pursuant to Section 17F of Chapter 452 of the Acts of 1948. Specifically, you seek

1. *The list and amount of the disbursements for the City of Boston's Rental Relief fund from the start of the program until now:*

    a. Without name or any other personal identifying information, a total number of applicants and awardees:

        i. address and zip code.
        (street is not enough, we request the number as well)
        ii. race and ethnicity
        iii. primary spoken language at home
        iv. gender identity
        v. Section 8 recipient status
        vi. SNAP status
        vii. Household Size and income
        viii. Employment Status
        ix. Amount distributed and date distributed
        x. Use of funds
        xi. Reason for approval / decline
        xii. any additional information requested via the application process that is not personally identifying.

Section 17F of Chapter 452 of the Acts of 1948 is found in Chapter 190 of the Acts of 1982. Section 17F was introduced in Chapter 376 of the Acts of 1951 as an amendment to Chapter 452 of the Acts of 1948 and stated:

The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

Section 17F was amended by Section 16 of Chapter 190 of the Acts of 1982. This section adds to Section 17F of the Acts of 1951 as follows:

SECTION 16. Section 17F of chapter 452 of the acts of 1948, inserted by chapter 376 of the acts of 1951, is hereby amended by inserting after the second sentence the following sentence:- Specific information, as used in this section, shall include any and all records, other than those exempt from disclosure under clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws, within the control of any executive department or agency of the city, including the Boston water and sewer commission and the Boston Redevelopment Authority, whether the information is in printed or electronic form. For the purposes of enforcing this section, the city council shall have standing to request a justice of the superior court department of the trial court of the commonwealth to issue appropriate orders to compel compliance with this section.

As indicated in Section 16, "clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws." This part of the General Laws is also known as the Massachusetts public records law. G. L. c. 4, § 7 (26). It is presumed this reference is to section seven as there is no "section seventy-seven" of chapter four, nor has there ever been such a section. https://malegislature.gov/Laws/GeneralLaws/PartI/TitleI/Chapter4. Massachusetts courts have consistently held that: "[w]here, as here, a statute contains an obvious clerical error, a court may depart from the statute's literal meaning in order to effectuate legislative intent." Com. v. Maloney, 447 Mass. 577 (2006) *citing* Cohen v. Commissioner of Div. of Med. Assistance, 423 Mass. 399, 409 (1996). Further, "[i]n criminal cases no less than in civil, 'where the draftsmanship of a statute is faulty or lacks precision, it is [the court's] duty to give the statute a reasonable construction.'" Com. v. Maloney, 447 Mass. 577 (2006) *citing* Com. v. Pagan, 445 Mass. 315, 319 (2005) *quoting* Capone v. Zoning Bd. of Appeals of Fitchburg, 389 Mass. 617 (1983).

As indicated in the Acts of 1982, any record provided under Section 17F is subject to the exemptions provided by the Massachusetts public records law. Thus, departments may withhold portions of responsive records so long as a specific exemption to the law is cited.

Attached is a spreadsheet that is responsive to the 17F Docket 1190 for data on Boston's Rental Relief Funds.

Please note the following regarding this record

- Data is submitted by non-profit partners and errors are possible
- There is less data for applicants who were rejected before additional documentation was required for the completion of an application
- In instances where applicants are rejected because they are Boston Housing Authority (BHA) tenants, the City funded BHA directly to serve these tenants.
- Applicants rejected because they were in subsidized housing would have been served by the Commonwealth of Massachusetts through a program where the State funded rent arrears in bulk for some large affordable housing owners
- Street numbers are removed in order to address applicant confidentiality. Such citizens have an expectation of privacy with respect to identifying information associated with recipients of a governmental benefit. The public interest does not outweigh the privacy interest and the information is not readily available from another government agency. G. L. c. 4., § 7 (26) (c).

Thank you, Councilor Mejia, for providing this department of the Mayor's Office the opportunity to describe its work. We encourage you to contact us at any time if you have additional questions about this matter or any matter associated with this office.

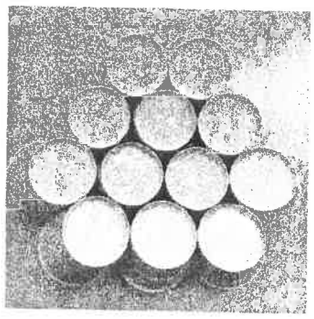
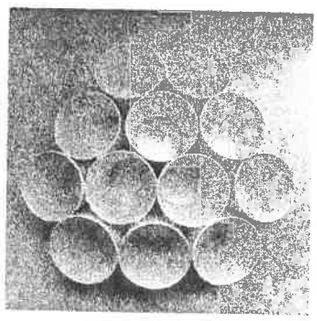
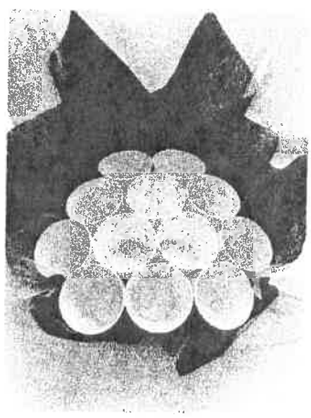
PACKAGING - Boston Baked Blooms

1. 7oz. paper drinking cups are fastened together with tape in the formation that accomodates the number of pieces in a particular bouquet. Sizes: 7 piece, 12 piece, 19 piece





2. Two sheets of acid free tissue paper is sandwiched between two larger sheets of food-grade cellophane wrap. The tissue doesn't come in contact with the food. I shape the cellophane/tissue combo so it nests the cup formation.



3. I surround the cupcake with a small square of food-grade food wrap and insert them into the cup. By tugging on the wrap, the cupcakes can easily be dislodged from the cups at serving time.

4. The assembled bouquet is placed in a bakery box. The entire boxed bouquet gets placed in a clear poly-propylene cupcake bag for transport.

FOOD SAFETY OF FROSTINGS AND FILLINGS

INTRODUCTION

Foodborne outbreaks from icings and frostings are rare, but they do happen for a variety of reasons: sick food handlers preparing food, use of non-edible ingredients as decoration (such as "luster dust"), or formulating an icing requiring refrigeration for safety but storing at room temperature. While none of these were linked to a fair or exhibition, they show the susceptibility of these products to foodborne illness outbreaks. Some examples include:

2018. Rhode Island Department of Health uncovered an unusual outbreak involving copper toxicity from a glittery birthday cake that sickened six people with vomiting and/or diarrhea after attending a 1-year-old's birthday party.

2013. Outbreak of norovirus occurred at a Minnesota wedding reception affecting 24 guests. Cake made by a bakery and served at the reception was the likely source. Supporting evidence shows norovirus-positive specimens and illness reports among both wedding guests and bakery patrons. The likely source was an ill food worker who prepared the cake icing.

2010. Outbreak of *Staphylococcus aureus* led to 100 illnesses associated with an Illinois bakery linked to cream cake, fillings, and frostings due to improper re hand contact.

06. *Salmonella heidelberg* associated with ague pie in Kansas. Thirteen people became ill, x being confirmed with *S. heidelberg*. The pie roperly cooked and cooled.

utbreaks of norovirus occurred with cakes sachusetts bakery among guests of 46 dings. Two bakery employees reported patible with norovirus which was e stool of one of these employees.

Baking contests at county and state f

safety risks increase for food judges or bu
sales or auctions. This is largely due to usin
able ingredients, such as dairy products and
which may require refrigeration for safety. Ou
factors include multiple people handling the fo
before they are judged and/or sold. Recipes can
greatly in ingredients and processes used. Therefo
risks from one entry to another can vary greatly.

PURPOSE OF THIS STUDY

This project was conducted to determine recipes that can be displayed safely at room temperature and those requiring refrigeration. Recipes were submitted by K-State Research and Extension district/county agents and specialists. A total of 49 recipes, some with variations, were submitted and tested in duplicate. Recipes were made in a home kitchen and brought to the Kansas Value Added Foods Lab for analysis. All recipes were tested for acidity (pH), water activity (A_w), and percent soluble solids (% Brix). These factors are crucial to determine the overall safety in the storage environment.

This study did not seek to test every kind of cake frosting and filling available, just recipes randomly submitted by county agents and specialists. The recipe examples give information about the ingredients included and are not recipes to be followed. Changes in the recipes will affect the pH and % Brix values of products, and could c and some recipes are categorized. Finally, are intended for identification pur way are in no way endorsed by K-Sta Extension.

Cakes / Cupcakes / Muffins / Bundt Cakes

1. Vanilla Cake / Cupcake

This makes one 8 inch layer or 18 cupcakes. Use these ratios.

300g organic all-purpose flour
200g organic sugar
160g organic whole milk
125g organic salted butter, softened
3 organic large eggs
1 tsp vanilla extract
2 tsp baking powder

1. Cream the butter and sugar until fluffy. Gradually add the eggs, vanilla and mix.
2. In a separate bowl, whisk the flour and baking powder, then fold half into the butter. Add in the milk, then the remaining flour. Scrape the bottom of the bowl and mix once more. Pour into the prepared tin and smooth the top with a palette knife or spatula.
3. For cupcakes, bake for 18 min at 350F
4. For cakes, bakes for 50 min at 300F

2. Chocolate Cake / Cupcake

200g organic all-purpose flour
100g organic cacao powder
1 tsp kosher salt
2 tsp baking soda
1 tsp baking powder
450g organic sugar
2 large organic eggs
1 tsp vanilla extract
200g organic buttermilk or organic plain yogurt
100g organic vegetable oil
225g hot water

1. Preheat the oven to 320˚F . Butter and line two 8-inch (20-cm) cake pan with paper, or two 6-inch cake pans, or line two 12-cup muffin tins with paper liners. Whatever pan size you choose, don't fill more than 2/3 full with batter.

2026

2. Measure the dry ingredients, including the sugar, into a large mixing bowl and whisk with a balloon whisk to distribute the salt, baking soda, and baking powder evenly throughout the other dry ingredients.
3. In another bowl, whisk together the wet ingredients (except for the hot water). Once they are well whisked together, slowly whisk in the hot water.
4. Make a well in the center of the dry ingredients and pour half of the wet mixture. Starting in the middle of the bowl, whisk in a clockwise, circular motion. Don't switch direction or you'll end up with lumps. Gradually add the remaining wet ingredients until you have a smooth, liquid batter.
5. If you are making a large cake, pour the batter into your pan(s) right away and bake for 40 to 50 minutes until the top is springy to the touch and an inserted skewer comes out clean. If you are making cupcakes, scrape the batter into a container that will fit into your fridge and put a lid on top. Chill the batter for at least one hour. This will thicken it and make it easier to spoon into your cupcake liners. Bake the cupcakes for 18 to 20 minutes, until the tops are springy to touch and an inserted skewer comes out clean.

3. Blueberry Cake / Muffin with Cinnamon Streusel

Blueberry Muffins / Cake

360g organic all-purpose flour

100g organic light brown sugar
1/2 tsp cinnamon
1/4 cup unsalted cold butter, cut into a few pieces (56g)

2028

1. Preheat oven to 425°F. Line two 12 muffin pans with 24 muffin liners. Set aside.
2. In a small bowl, mix flour, baking powder, and salt until combined. Set aside.
3. In a large mixing bowl, using an electric mixer fitted with a paddle or whisk attachment, beat together cream cheese, brown sugar, and vanilla* on medium speed until creamy for about 2 minutes. Add eggs, milk, and butter and mix until smooth and evenly combined. Add dry ingredients to wet ingredients and whisk slowly just until no lumps remain. Gently fold in blueberries. Set aside.
4. Streusel: In a small bowl, add flour, sugar, cinnamon, and butter. Mix together with your fingers until you have a crumbly mixture.
5. Spoon batter into the prepared liners until 3/4 to almost full and sprinkle with the streusel evenly. Bake at 425°F for 5 minutes then lower the temperature to 350°F and bake additional 13-15 minutes or until a toothpick in the center comes out clean. Let cool to room temperature before serving.

2. Whisk the flour, baking powder, baking soda, salt, cinnamon, and nutmeg together in a large bowl. Set aside.

2030

3. Whisk the melted butter, oil, sugar, and eggs together until combined. Then whisk in the sour cream, milk, and vanilla extract. Mixture will be pale yellow. Pour wet ingredients into dry ingredients and fold together with a rubber spatula or wooden spoon until completely combined. Use a whisk to rid any large lumps of flour, if needed. Avoid overmixing. The batter will be thick. Fold in the chocolate chips.
4. Divide batter between each muffin cup, filling all the way to the top. Sprinkle with coarse sugar (for added crunch). Bake at 425°F for 5 minutes, then, keeping the muffins in the oven, reduce the oven temperature to 350°F and continue to bake for 25-26 minutes until the tops are lightly golden brown and centers are set. Stick a toothpick in the center of a muffin to test for doneness. If it comes out clean, the muffins are done.

Board of Appeal

DECISION OF THE BOARD ON THE APPEAL OF

October 20, 2020
DATE

Ulrike Sitter

to vary the terms of the Boston Zoning Code, under Statute 1956, Chapter 665, as amended, Section 8, at premises:

161 West Newton Street, Ward 04

For the terms of the Boston Zoning Code (see Acts of 1956, c. 665) in the following respect:

Violation	Violation Description	Violation Comments
Article 64 Section 8	Use Regulations	Use : Oilseed Processing Operation : Forbidden

Purpose: Allow a tiny oilpress in the Garden Level of our Single Family Townhouse. For food and beauty oil. Tiniest scale. No noise, no smell, no delivery disturbance of neighbors. I am a stay at home mum. Existing double sink, extra entrance, window, ventilation system, own bathroom, separate door in place. E- Plans

In his formal appeal, the Appellant states briefly in writing the grounds of and the reasons for his appeal from the refusal of the Building Commissioner, as set forth in papers on file numbered BOA-1090161 and made a part of this record.

In conformity with the law, the Board mailed reasonable notice of the public hearing to the petitioner and to the owners of all property deemed by the Board to be affected thereby, as they appeared on the then most recent local tax lists, which notice of public hearing was duly advertised in a daily newspaper published in the City of Boston, namely:

THE BOSTON HERALD on Tuesday, September 22, 2020

The Board took a view of the petitioner's land, examined its location, layout and other characteristics.

The Boston Planning & Development Agency was sent notice of the appeal by the Building Department and the legal required period of time was allotted to enable the BPDA to render a recommendation to the Board, as prescribed in the Code.

After hearing all the facts and evidence presented at the public hearing held on Thursday, October 15, 2020 and discussed again, on Tuesday, October 20, 2020 in accordance with notice and advertisement aforementioned, the Board finds as follows:

The Appellant appeals to be relieved of complying with the aforementioned section of the Boston Zoning Code, all as per Application for Permit# ALT1076711 and May 29, 2020 plans submitted to the Board at its hearing and how on file in the Building Department.

DECISION OF THE BOARD ON THE APPEAL OF

161 W. Newton St., Ward 4
BOA1090161
Subcommittee: October 15, 2020
Date of Hearing: October 20, 2020
Permit: # ALT1076711
Page: # 2

This appeal seeks to allow use of a small oil press in the garden level of a single-family townhouse.

The appeal is necessary as the proposed project requires relief from the terms of the Boston Zoning Code (Code). The specific relief required in furtherance of the proposed project is as follows:

Article 64, Section 8 Use: Oil seed processing operation: Forbidden

The proposed project will allow the Appellant to have reasonable use of the premises by operating a small oil press for food and beauty oil for sale and delivery by owner. The project is located within a multifamily residential zoning subdistrict of the South End neighborhood. This project is an appropriate use of the lot and will not adversely affect the community or create any detriment for abutting residents.

For these reasons, the requested relief may be granted in harmony with the general purpose and intent of the Code and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

After the Petitioner filed the appeal, the Board, in conformity with applicable law, mailed reasonable notice of the public hearing to the Petitioner and to the owners of all property deemed by the Board to be affected thereby, as they appeared in the then most recent local tax list, which notice of a public hearing was duly advertised in a daily newspaper published in the City of Boston in accordance with applicable law. The Board held public hearings on the Appeal on October 15, 2020 and October 20, 2020.

At the hearing, a representative of the Mayor's Office of Neighborhood Services spoke in opposition of the project. There is also a letter of support on file with the Board. This showing of approval from the community further supports the Board's finding that the requested relief will have no negative impact on the surrounding area and is in harmony with the general purpose and intent of the Code.

DECISION OF THE BOARD ON THE APPEAL OF

161 W. Newton St., Ward 4
BOA1090161
Subcommittee: October 15, 2020
Date of Hearing: October 20, 2020
Permit: # ALT1076711

The Board of Appeal finds that all of the following conditions are met:

(a) That there are special circumstances or conditions, fully described in the findings, applying to the land or structure for which the variance is sought (such as, but not limited to, the exceptional narrowness, shallowness or shape of the lot, or exceptional topographical conditions thereof), which circumstances or conditions are peculiar to such land or structure but not the neighborhood, and that said circumstances or conditions are such that the application of the provisions of this Code would deprive the appellant of the reasonable use of such land or structure; and

(b) That for reasons of practical difficulty and demonstrable and substantial hardship fully described in the findings, the granting of the variance is necessary for the reasonable use of the land or structure and that the variance as granted by the Board is the minimum variance that will accomplish this purpose; and

(c) That the granting of the variance will be in harmony with the general purposes and intent of this Code and will not be injurious to the neighborhood or otherwise detrimental to the public welfare.

In determining its findings, the Board of Appeal has taken into account: (1) the number of persons residing or working upon such land or in such structure; (2) the character and use of adjoining lots and those in the neighborhood; and (3) traffic conditions in the neighborhood.

The Board is of the opinion that all conditions required for the granting of a Variance under Article 7, Section 7-3 of the Zoning Code have been met and that the varying of the terms of the Zoning Code as outlined above will not conflict with the intent and spirit of the Zoning Code.

Re: Docket 1192 - 17F Request Related to Financial Assitance for Homebuyers

Dear Councilor Mejia:

We have received your demand for records under the Massachusetts Public Records Law, filed with the City Council pursuant to Section 17F of Chapter 452 of the Acts of 1948. Specifically, you seek

1. *The list of all applicants, awardees, and amount of the disbursements for the City of Boston's Small Business Relief Fund and Small Business Relief Fund 2.0*

    a. *Without name or any other personal identifying information, a total number of applicants and awardees:*

        i. *home address and zip code.*
        (street is not enough, we request the number as well)
        ii. *race and ethnicity*
        iii. *business address and zip code*
        iv. *primary spoken language at home*
        v. *gender identity*
        vi. *Type of Business*
        vii. *Type of Grant received: relief or growth*
        viii. *Amount distributed and date distributed*
        ix. *Use of funds*
        x. *Reason for approval / decline*
        xi. *any additional information requested via the application process that is not personally identifying.*

Section 17F of Chapter 452 of the Acts of 1948 is found in Chapter 190 of the Acts of 1982. Section 17F was introduced in Chapter 376 of the Acts of 1951 as an amendment to Chapter 452 of the Acts of 1948 and stated:

The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

Section 17F was amended by Section 16 of Chapter 190 of the Acts of 1982. This section adds to Section 17F of the Acts of 1951 as follows:

SECTION 16. Section 17F of chapter 452 of the acts of 1948, inserted by chapter 376 of the acts of 1951, is hereby amended by inserting after the second sentence the following sentence:- Specific information, as used in this section, shall include any and all records, other than those exempt from disclosure under clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws, within the control of any executive department or agency of the city, including the Boston water and sewer commission and the Boston Redevelopment Authority, whether the information is in printed or electronic form. For the purposes of enforcing this section, the city council shall have standing to request a justice of the superior court department of the trial court of the commonwealth to issue appropriate orders to compel compliance with this section.

As indicated in Section 16, "clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws." This part of the General Laws is also known as the Massachusetts public records law. G. L. c. 4, § 7 (26). It is presumed this reference is to section seven as there is no "section seventy-seven" of chapter four, nor has there ever been such a section. https://malegislature.gov/Laws/GeneralLaws/PartI/TitleI/Chapter4. Massachusetts courts have consistently held that: "[w]here, as here, a statute contains an obvious clerical error, a court may depart from the statute's literal meaning in order to effectuate legislative intent." Com. v. Maloney, 447 Mass. 577 (2006) *citing* Cohen v. Commissioner of Div. of Med. Assistance, 423 Mass. 399, 409 (1996). Further, "[i]n criminal cases no less than in civil, 'where the draftsmanship of a statute is faulty or lacks precision, it is [the court's] duty to give the statute a reasonable construction.'" Com. v. Maloney, 447 Mass. 577 (2006) *citing* Com. v. Pagan, 445 Mass. 315, 319 (2005) *quoting* Capone v. Zoning Bd. of Appeals of Fitchburg, 389 Mass. 617 (1983).

As indicated in the Acts of 1982, any record provided under Section 17F is subject to the exemptions provided by the Massachusetts public records law. Thus, departments may withhold portions of responsive records so long as a specific exemption to the law is cited.

Attached is a spreadsheet that is responsive to the 17F Docket 1193 for data on Financial Assistance for Homebuyers

Please note the following regarding this record

- There is one spreadsheet, with three tabs.
- Tab 1 includes all Boston Home Center homebuyer assistance programs, since their initiation in the late 1990s. Data is pulled from Salesforce, and in earlier records, no program may be identified, though it can be safely assumed that these are FAP (Financial Assistance Program) recipients.
- In addition, in earlier records, the origin address may be the same as the address for the property purchased.
- Tab 2 includes all recipients of the Allston Brighton Homebuyer Fund. These clients will also appear in Tab 1
- Tab 3 includes recipients of the First Generation funds, which is run by MAHA, and this data was shared with us, but is not City of Boston data
- All street numbers have been removed to provide additional confidentiality to clients. This identifying information is removed in order to address applicant confidentiality. Such applicants have an expectation of privacy with respect to identifying information associated with recipients of a governmental benefit. The public interest does not outweigh the privacy interest, and the information is not readily available from another government agency. G. L. c. 4., § 7 (26) (c).

Thank you, Councilor Mejia, for providing this department of the Mayor's Office the opportunity to describe its work. We encourage you to contact us at any time if you have additional questions about this matter or any matter associated with this office.

Very truly yours,

City of Boston, Massachusetts
Office of the Mayor
Michelle Wu

Re: Docket 1193 - 17F Request Related to Financial Assistance for Homebuyers

Dear Councilor Mejia:

We have received your demand for records under the Massachusetts Public Records Law, filed with the City Council pursuant to Section 17F of Chapter 452 of the Acts of 1948. Specifically, you seek

1. *The list of all applicants, awardees, and amount of the disbursements for the City of Boston's Small Business Relief Fund and Small Business Relief Fund 2.0*

    a. *Without name or any other personal identifying information, a total number of applicants and awardees:*

        i. *home address and zip code.*
        (street is not enough, we request the number as well)
        ii. *race and ethnicity*
        iii. *business address and zip code*
        iv. *primary spoken language at home*
        v. *gender identity*
        vi. *Type of Business*
        vii. *Type of Grant received: relief or growth*
        viii. *Amount distributed and date distributed*
        ix. *Use of funds*
        x. *Reason for approval / decline*
        xi. *any additional information requested via the application process that is not personally identifying.*

Section 17F of Chapter 452 of the Acts of 1948 is found in Chapter 190 of the Acts of 1982. Section 17F was introduced in Chapter 376 of the Acts of 1951 as an amendment to Chapter 452 of the Acts of 1948 and stated:

The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

Section 17F was amended by Section 16 of Chapter 190 of the Acts of 1982. This section adds to Section 17F of the Acts of 1951 as follows:

SECTION 16. Section 17F of chapter 452 of the acts of 1948, inserted by chapter 376 of the acts of 1951, is hereby amended by inserting after the second sentence the following sentence:- Specific information, as used in this section, shall include any and all records, other than those exempt from disclosure under clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws, within the control of any executive department or agency of the city, including the Boston water and sewer commission and the Boston Redevelopment Authority, whether the information is in printed or electronic form. For the purposes of enforcing this section, the city council shall have standing to request a justice of the superior court department of the trial court of the commonwealth to issue appropriate orders to compel compliance with this section.

As indicated in Section 16, "clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws." This part of the General Laws is also known as the Massachusetts public records law. G. L. c. 4, § 7 (26). It is presumed this reference is to section seven as there is no "section seventy-seven" of chapter four, nor has there ever been such a section. https://malegislature.gov/Laws/GeneralLaws/PartI/TitleI/Chapter4. Massachusetts courts have consistently held that: "[w]here, as here, a statute contains an obvious clerical error, a court may depart from the statute's literal meaning in order to effectuate legislative intent." Com. v. Maloney, 447 Mass. 577 (2006) *citing* Cohen v. Commissioner of Div. of Med. Assistance, 423 Mass. 399, 409 (1996). Further, "[i]n criminal cases no less than in civil, 'where the draftsmanship of a statute is faulty or lacks precision, it is [the court's] duty to give the statute a reasonable construction.'" Com. v. Maloney, 447 Mass. 577 (2006) *citing* Com. v. Pagan, 445 Mass. 315, 319 (2005) *quoting* Capone v. Zoning Bd. of Appeals of Fitchburg, 389 Mass. 617 (1983).

As indicated in the Acts of 1982, any record provided under Section 17F is subject to the exemptions provided by the Massachusetts public records law. Thus, departments may withhold portions of responsive records so long as a specific exemption to the law is cited.

Attached is a spreadsheet that is responsive to the 17F Docket 1193 for data on Financial Assistance for Homebuyers

Please note the following regarding this record

- There is one spreadsheet, with three tabs.
- Tab 1 includes all Boston Home Center homebuyer assistance programs, since their initiation in the late 1990s. Data is pulled from Salesforce, and in earlier records, no program may be identified, though it can be safely assumed that these are FAP (Financial Assistance Program) recipients.
- In addition, in earlier records, the origin address may be the same as the address for the property purchased.
- Tab 2 includes all recipients of the Allston Brighton Homebuyer Fund. These clients will also appear in Tab 1
- Tab 3 includes recipients of the First Generation funds, which is run by MAHA, and this data was shared with us, but is not City of Boston data
- All street numbers have been removed to provide additional confidentiality to clients. This identifying information is removed in order to address applicant confidentiality. Such applicants have an expectation of privacy with respect to identifying information associated with recipients of a governmental benefit. The public interest does not outweigh the privacy interest, and the information is not readily available from another government agency. G. L. c. 4., § 7 (26) (c).

Thank you, Councilor Mejia, for providing this department of the Mayor's Office the opportunity to describe its work. We encourage you to contact us at any time if you have additional questions about this matter or any matter associated with this office.

Re: Docket 1194 - 17F Request Related to Senior Saves Program

Dear Councilor Mejia:

We have received your demand for records under the Massachusetts Public Records Law, filed with the City Council pursuant to Section 17F of Chapter 452 of the Acts of 1948. Specifically, you seek

1. *The list of all applicants, awardees, and amount of the disbursements for the City of Boston's Seniors Save Program from the start of the program until now. The following details are requested without name or any other personal identifying information::*

    i. *address and zip code. (street is not enough, we request the number as well)*
    ii. *race and ethnicity*
    iii. *primary spoken language at home*
    iv. *Section 8 recipient status*
    v. *SNAP status*
    vi. *Household Size and income*
    vii. *AMI level of recipient*
    viii. *Source of Income*
    ix. *Current on Property Taxes and Boston Water and Sewer Details*
    x. *Amount distributed and date distributed*
    xi. *Reason for approval / decline*
    xii. *any additional information requested via the application process that is not personally identifying.*

Section 17F of Chapter 452 of the Acts of 1948 is found in Chapter 190 of the Acts of 1982. Section 17F was introduced in Chapter 376 of the Acts of 1951 as an amendment to Chapter 452 of the Acts of 1948 and stated:

The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

Section 17F was amended by Section 16 of Chapter 190 of the Acts of 1982. This section adds to Section 17F of the Acts of 1951 as follows:

SECTION 16. Section 17F of chapter 452 of the acts of 1948, inserted by chapter 376 of the acts of 1951, is hereby amended by inserting after the second sentence the following sentence:- Specific information, as used in this section, shall include any and all records, other than those exempt from disclosure under clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws, within the control of any executive department or agency of the city, including the Boston water and sewer commission and the Boston Redevelopment Authority, whether the information is in printed or electronic form. For the purposes of enforcing this section, the city council shall have standing to request a justice of the superior court department of the trial court of the commonwealth to issue appropriate orders to compel compliance with this section.

As indicated in Section 16, "clause Twenty-six of section seventy-seven [sic] of chapter four of the General Laws." This part of the General Laws is also known as the Massachusetts public records law. G. L. c. 4, § 7 (26). It is presumed this reference is to section seven as there is no "section seventy-seven" of chapter four, nor has there ever been such a section. https://malegislature.gov/Laws/GeneralLaws/PartI/TitleI/Chapter4. Massachusetts courts have consistently held that: "[w]here, as here, a statute contains an obvious clerical error, a court may depart from the statute's literal meaning in order to effectuate legislative intent." Com. v. Maloney, 447 Mass. 577 (2006) *citing* Cohen v. Commissioner of Div. of Med. Assistance, 423 Mass. 399, 409 (1996). Further, "[i]n criminal cases no less than in civil, 'where the draftsmanship of a statute is faulty or lacks precision, it is [the court's] duty to give the statute a reasonable construction.'" Com. v. Maloney, 447 Mass. 577 (2006) *citing* Com. v. Pagan, 445 Mass. 315, 319 (2005) *quoting* Capone v. Zoning Bd. of Appeals of Fitchburg, 389 Mass. 617 (1983).

As indicated in the Acts of 1982, any record provided under Section 17F is subject to the exemptions provided by the Massachusetts public records law. Thus, departments may withhold portions of responsive records so long as a specific exemption to the law is cited.

Attached is a spreadsheet that is responsive to the 17F Docket 1194 for data on Senior Saves.

Please note the following regarding this record

- Street numbers are removed to address applicant confidentiality. Such citizens have an expectation of privacy with respect to identifying information associated with recipients of a governmental benefit. The public interest does not outweigh the privacy interest and the information is not readily available from another government agency. G. L. c. 4., § 7 (26) (c).

Thank you, Councilor Mejia, for providing this department of the Mayor's Office the opportunity to describe its work. We encourage you to contact us at any time if you have additional questions about this matter or any matter associated with this office.

VOTE OF DESIGNATION BY THE
BOSTON LANDMARKS COMMISSION

PROPERTY: The Tileston House, 13 River Street, Dorchester (Boston), MA

VOTED: That on September 13, 2022, the Boston Landmarks Commission designates the Tileston House at 13 River Street as a Boston Landmark under Chapter 772 of the Acts of 1975, as amended.

VOTING IN FAVOR:

John Amodeo	Jeffrey Gonyeau	Felicia Jacques
David Berarducci	Christopher Hart	Anne Renehan
John Freeman	Richard Henderson	Bradford Walker

VOTING IN OPPOSITION:

None.

GENERAL CHARACTERISTICS OF THE SITE:

The Tileston House is historically significant for its association with the early industrial history of the Milton/Dorchester Lower Mills industrial and residential area. It also has a connection with important individuals in two prominent skilled trade and artisan families, the Badlams and Tilestons. The property was once owned by the Badlam family. Brothers Stephen and Ezra Badlam served in the Continental Army during the American Revolution, then returned to Dorchester and their cabinet and carriage-making businesses. Stephen Badlam is one of Massachusetts' highly regarded furniture makers, and his work is curated in the collections of major American museums. The house currently on the site was built ca. 1797 by Euclid Tileston, who learned cabinetry from Ezra Badlam, his father-in-law, and later became a carriage maker. The house was owned by the Tilestons for a century.

Architecturally, the house is a rare surviving example of a gambrel-roof, Georgian-style house. It is one of the oldest buildings in Boston and is also one of only two extant buildings of its style and form identified in Dorchester. Few buildings from this time period survive in cities such as Boston due to rapid urban growth and replacement of older buildings. Petitioners requested that the building be designated a landmark due to its architectural style and age.

GENERAL BOUNDARIES OF THE SITE:

The boundaries of the designated property are limited to the following address and parcel number: 13 River Street, Dorchester, parcel number 1703728020.

RE: Petition #266.19 - The Tileston House, Dorchester

Dear Mayor Wu:

On September 13, 2022, the Boston Landmarks Commission unanimously voted to designate the Tileston House in Dorchester as a Landmark under the provisions of Chapter 772 of the Acts of 1975, as amended.

The Tileston House is a historically and architecturally significant building in the Mattapan neighborhood of what was historically the town of Dorchester, now part of Boston.

The house is historically significant for its association with the early industrial history of the Milton/Dorchester Lower Mills industrial and residential area. It also has a connection with important individuals in two prominent skilled trade and artisan families, the Badlams and Tilestons. The property was once owned by the Badlam family. Brothers Stephen and Ezra Badlam served in the Continental Army during the American Revolution, then returned to Dorchester and their cabinet and carriage-making businesses. Stephen Badlam is one of Massachusetts' highly regarded furniture makers, and his work is curated in the collections of major American museums. The house currently on the site was built ca. 1797 by Euclid Tileston, who learned cabinetry from Ezra Badlam, his father-in-law, and later became a carriage maker. The house was owned by the Tilestons for a century until 1897.

Architecturally, the house is a rare surviving example of a gambrel-roof, Georgian-style house. It is one of the oldest buildings in Boston and is also one of only two extant buildings of its style and form identified in Dorchester. Few buildings from this time period survive in cities such as Boston due to rapid urban growth and replacement of older buildings. Petitioners requested that the building be designated a landmark due to its architectural style and age.

The Boston Landmarks Commission asks that you give full consideration to the designation of the Tileston House in Dorchester as a Boston Landmark.

GENERAL CHARACTERISTICS OF THE SITE:

Bordered by Otisfield Street and Blue Hill Avenue, the Mt. Cavalry / Shara Tfilo Campus includes two large rectangular buildings facing Otisfield Street – the Mt. Calvary Holy Church / Congregation Shara Tfilo Synagogue (1915-1916) and the Roxbury Hebrew School (1921-1923) – and an open parcel at the corner of Otisfield Street and Blue Hill Avenue. The original synagogue building and Hebrew school are largely intact and are prominently located at the interface of a residential district with the commercial and institutional spine of Blue Hill Avenue. The Campus is significant on the local, state, regional, and national levels for its extraordinary role in the history of immigration, the development of working-class communities and institutions, and the succession of ethnic groups throughout time and space. The two occupants of this property--Congregation Shara Tfilo and Mt. Calvary Holy Church–exemplify the vibrant Jewish and Black communities that developed successively in Roxbury in the 20th and 21st centuries. The structures built here in the early 20th century, although modest in their architectural design, evoke a powerful sense of the cultural priorities of the Jewish and Black communities for nearly 125 years. The purpose of this designation is to honor and preserve the history of spiritual, educational, and social services at the properties, as home to an Eastern European immigrant community for 50 years and to the Black community for the last half-century.

RE: Petition #274.21 – The Mt. Calvary Holy Church / Congregation Shara Tfilo Synagogue Campus, Roxbury

Dear Mayor Wu:

On September 27, 2022, the Boston Landmarks Commission unanimously voted to designate the Mt. Calvary Holy Church / Congregation Shara Tfilo Synagogue Campus in Roxbury as a Landmark under the provisions of Chapter 772 of the Acts of 1975, as amended.

The Mt. Calvary Holy Church /Congregation Shara Tfilo Synagogue Campus at 9 – 19 Otisfield Street is significant on the local, state, regional, and national levels for its extraordinary role in the history of immigration, the development of working-class communities and institutions, and the succession of ethnic groups throughout time and space. The two occupants of this property-- Congregation Shara Tfilo and Mt. Calvary Holy Church–exemplify the vibrant Jewish and Black communities that developed successively in Roxbury in the 20th and 21st centuries. The structures built here in the early 20th century, although modest in their architectural design, evoke a powerful sense of the cultural priorities of the Jewish and Black communities for nearly 125 years.

Mt. Calvary Holy Church in Boston was strongly identified with Bishop Nellie Yarborough for 50 years. Bishop Yarborough was the second woman to be ordained as a bishop in the national Mt. Calvary Holy Church, and was its only female bishop at the time of her death. She earned local, regional, and national accolades for her leadership in social services for the homeless, hungry, and mentally ill.

Unoccupied since 2013, the Mt. Calvary / Shara Tfilo property is threatened by deferred maintenance and potential redevelopment. The purpose of this designation is to honor and preserve the history of spiritual, educational, and social services at the properties, as home to an Eastern European immigrant community for many decades and to the Black community for the last half-century.

The Boston Landmarks Commission asks that you give full consideration to the designation of the Mt. Calvary / Shara Tfilo Campus in Roxbury as a Boston Landmark.

RE: Petition #214.05 – Blessed Sacrament Complex, Jamaica Plain

Dear Mayor Wu:

On September 27, 2022, the Boston Landmarks Commission unanimously voted to designate the Blessed Sacrament Complex in Jamaica Plain as a Landmark under the provisions of Chapter 772 of the Acts of 1975, as amended.

The Blessed Sacrament Complex merits recognition as a Landmark at the regional, state, and local level. The complex is a physical representation of the social and cultural history and significance of the Catholic Church in Boston around the turn of the last century and in the early 20th century. The five-building Complex includes the former church, convent, rectory, and two former parochial schools. Originally built between 1894-1926 to serve a growing Irish and German Catholic parish in this part of Jamaica Plain, the Church of the Blessed Sacrament and associated parish buildings represent an architecturally significant collection of buildings designed in a variety of period styles; the Church of the Blessed Sacrament is one of the finest examples of Italian Renaissance Revival church architecture in New England. Despite being converted to new uses, the grouping retains much of its integrity of design, setting, materials, and workmanship.

The Blessed Sacrament Complex achieves a similarly high level of historical significance for its social history, as it has served the Parker Hill/Jamaica Plain neighborhood as an outpost of the original Redemptorist Mission in Roxbury since 1892. It also was associated with the late nineteenth century Sunnyside affordable housing development envisioned by early housing reformer and philanthropist Robert Treat Paine, great-grandson of the signer of the Declaration of Independence. Later in the twentieth century, the Church and its related buildings served the thriving Latin community of Jamaica Plain to the extent that it has been described as the "Latin Cathedral" of Boston.

The Boston Landmarks Commission asks that you give full consideration to the designation of the Blessed Sacrament Complex in Jamaica Plain as a Boston Landmark.

Please don't hesitate to call me at (617) 635-2510 if you have any questions.

The complex is a physical representation of the social and cultural history and significance of the Catholic Church in Boston around the turn of the last century and in the early 20th century. The five-building Complex includes the former church, convent, rectory, and two former parochial schools - Cheverus School and St. Norbert School. Originally built between 1894-1926 to serve a growing Irish and German Catholic parish in this part of Jamaica Plain, the Church of the Blessed Sacrament and associated parish buildings represent an architecturally significant collection of buildings designed in a variety of period styles; the Church of the Blessed Sacrament is one of the finest examples of Italian Renaissance Revival church architecture in New England. The parish further evolved during the twentieth century to serve a diverse community in what is now known as Boston's Latin Quarter. Despite being converted to new uses, the grouping retains much of its integrity of design, setting, materials, and workmanship.

The Blessed Sacrament Complex achieves a similarly high level of historical significance for its social history, as it has served the Parker Hill/Jamaica Plain neighborhood as an outpost of the original Redemptorist Mission in Roxbury since 1892. It also was associated with the late nineteenth century Sunnyside housing development envisioned by early housing reformer and philanthropist Robert Treat Paine, great-grandson of the signer of the Declaration of Independence, who sought

to build owner-occupied, affordable housing he referred to as "homes for workingmen in suburbs." Later in the twentieth century, the Church and its related buildings served the thriving Latin community of Jamaica Plain to the extent that it has been described as the "Latin Cathedral" of Boston. The St. Norbert School building was used by the COMPASS school up to 2010, and afterwards was converted to apartments. The Cheverus School has been owned and used by the Hyde Square Task Force as offices since 2008. Both the former Rectory and Convent have been converted to affordable housing and low-income condominiums.

RE: Petition #269.20 – The Howe-Kingsley House, Dorchester

Dear Mayor Wu:

On October 11, 2022, the Boston Landmarks Commission unanimously voted to designate the Howe-Kingsley House in Dorchester as a Landmark under the provisions of Chapter 772 of the Acts of 1975, as amended.

The Howe-Kingsley House is a locally and regionally significant two-and-a-half story vernacular house that displays elements of both Federal and Greek Revival styles. It was built c. 1836 by Nahum Bragg. In 1842 the house entered a period of ownership by the Howe family, where it would remain for the next century as it was passed down through several descendants of Leonard Howe. The house is also significant for its association with Lowell and Charlotte Kingsley, who made important contributions to childhood education in Boston and the field of special education through their work at the Kingsley School, which is considered by some to be the first special education school in the nation. The Kingsleys lived at 16 Howe Street from 1948-2017.

The house is a rare surviving example of a Greek-Revival-style farmhouse in Dorchester, and the changes to the property over time reflect the transition of Dorchester from farming community to dense suburban landscape. The house maintains a high level of integrity on the exterior and interior and retains an unusually high proportion of original materials. As a result, it is architecturally significant on a regional level as an unusually intact example of early nineteenth-century farmhouse architecture in New England.

The Boston Landmarks Commission asks that you give full consideration to the designation of the Howe-Kingsley House in Dorchester as a Boston Landmark.

REPORT OF COMMITTEE CHAIR

October 19, 2022

Dear Councilors:

The Committee held a hearing on October 11, 2022 regarding ***Docket #1019, Message and order authorizing the City of Boston to accept and expend the amount of Three Million Four Hundred Fifty Thousand Dollars ($3,450,000.00) in the form of a grant for the FY23 Safe and Successful Youth Initiative, awarded by the MA Executive Office of Health and Human Services to be administered by the Police Department and Docket #1020, Message and order authorizing the City of Boston to accept and expend the amount of Nine Hundred Fifty Thousand Dollars ($950,000.00) in the form of a grant for the Securing the Cities continuation, awarded by the United States Department of Homeland Security to be administered by the Police Department ("BPD"),*** referred to the Committee on August 31, 2022. Mayor Wu sponsored the dockets.

Summary of Legislation as Filed:
Docket #1019, message and order authorizing the City of Boston to accept and expend the amount of Three Million Four Hundred Fifty Thousand Dollars ($3,450,000.00) in the form of a grant for the FY23 Safe and Successful Youth Initiative ("SSYI"), awarded by the MA Executive Office of Health and Human Services to be administered by the Police Department. The grant will fund a comprehensive, inter-agency strategy that connects law enforcement, employment, education, public health and youth development agencies to reduce youth violence in the Commonwealth.

Docket #1020, message and order authorizing the City of Boston to accept and expend the amount of Nine Hundred Fifty Thousand Dollars ($950,000.00) in the form of a grant for the Securing the Cities continuation, awarded by the United States Department of Homeland Security to be administered by the Police Department. The grant will fund continued enhancement for regional capabilities to detect, identify, report and interdict nuclear and other radioactive material out of regulatory control and provide regional training and exercise opportunities necessary to enhance regional capabilities.

Information Gathered at the Hearing:
The Chair reviewed the dockets and summarized the use of the grant money. With regard to Docket #01019, the Chair inquired about the BPD's role with the SSYI, the eligibility for the SSYI program, and the types of intervention services offered through the SSYI program. With regard to Docket #1020, the Chair asked about the Securing the Cities program, the objectives of the program, how the funds will be used, and the type of training that is involved. The following individuals from the Administration testified in support of the dockets: Frank DeLuca, SSYI

Program Coordinator, Office of Research and Development, BPD; Roy Martin, Division of Violence Prevention, Boston Public Health Commission ("BPHC"); and, Anthony Rizzo, Program Manager, Metro Boston Securing the Cities, BPD.

Mr. DeLuca described the SSYI program including its objective, criteria, and partners. Mr. DeLuca explained that the BPD is the grantee and provides administrative oversight. Mr. DeLuca explained that the grant is to support the SSYI for fiscal years 2023-2025. Mr. DeLuca stated that the SSYI program provides a collaborative approach involving public health and public safety in order to eliminate youth violence in Boston. SSYI focuses on young adults between the ages of 17 and 24 who are identified as proven risk or most likely to be perpetrators or victims of violence. SSYI receives referrals from the BPD Youth Violence Task Force and other partnering law enforcement agencies to identify individuals who satisfy the eligibility criteria. In order to meet eligibility requirements, an individual must be the age of 17-24 and meet one of the following conditions:

- repeatedly engages in crime against persons;
- repeatedly engages in weapons violence;
- is in a leadership role in a gang;
- is substantially involved in gang activity or violence;
- significantly facilitates gang activity or street violence.

An individual must also currently reside in the community, spend a significant amount of time in the community, or is expected to be released into the community.

The BPD contracts with the BPHC to be the program lead agency. The case managers at BPHC refer clients to partnering community organizations offering behavioral health, counseling, employment, and education services. The current organizations are MissionsSAFE, Intercity Weightlifting, More Than Words, Notre Dame Education Center, Boston Medical Center Emergency Services Program, and YOU Boston.

The Committee discussed proven risk as criteria and inquired whether the grant will assist with the implementation of intervention programs. The Committee also asked about the role of the BPD. Mr. Martin reviewed the intervention process explaining that the BPHC partners with other organizations, agencies, and programs in order to identify individuals that qualify and are in need of services. Mr. Martin stated that the BPHC is looking at expanding the continuum of services for the SSYI program. Mr. Martin explained that the BPD is needed in order to provide these intervention services with the focus on persons with the highest risk. Mr. Martin also explained that the BPHC partners with Boston Public Schools engagement centers and street workers. Mr. Martin explained that SSYI has a capacity to assist up to 135 individuals per year and that for the past three years the program has exceeded previous years involvement numbers. Mr. Martin stated that this program helps to reduce violent crime in the neighborhoods. Mr. Martin emphasized that this program is essential in reducing crime especially since other similar programs have stopped and the SSYI is only constant.

Councilors inquired about collaboration with the courts, the types of intervention services offered and recognizing gun violence as a public health emergency in order to provide more resources. Mr. Martin explained that there are four types of action as follows: case management; education; employment; and, behavioral health. Mr. Martin explained that the program allows for stipends to the client. Mr. Martin explained that the program asks individuals what they want to do, provide meaningful adult relationships, stabilization, relocation assistance, and employment assistance.

The Committee discussed Docket #1020 and heard testimony supporting the grant from Anthony Rizzo, Program Manager, Metro Boston Securing the Cities, BPD. Mr. Rizzo explained the goals of the program, reviewed the equipment that the funds will purchase, and stated that it is currently in its third year. Mr. Rizza stated that Securing the Cities ("STC") is a five year federally funded grant program with the objective of preventing the possession, movement, and deployment of a nuclear or radiological weapon and component materials by an adversary within the United States. The goal of the program is to develop and enhance sustainable radiological and nuclear detection capabilities among participating partners.

Mr. Rizzo explained that $950,000.00 will be allotted to purchase equipment, backfill and overtime for personnel equipment training, and the STC Boston Program Manager. The equipment to be purchased includes backpack detection systems and mobile detection devices to allow for detection of radioactive materials in public areas with large crowds, as well as radioisotope identification devices that provide the ability to distinguish between non-threatening materials and high level threats. The personnel utilizing the equipment will initially receive between four to sixteen hours of training to establish proficiency with the devices. The BPD executes memorandums of agreement before any equipment or funds are transferred from the BPD to participating partners. This is the third year of the program and the City anticipates two more years of funding through the program.

Rationale and Recommended Action:
Passage of Docket #1019 will allow the BPD and BPHC to continue the public health and public safety approach to offer intervention and support services to those at risk. The SSYI program engages proven risk young adults and redirects them from contributing to street violence toward a positive alternative through behavioral health, employment, education, and case management; thereby, reducing violent crime in the neighborhoods.

Passage of Docket #1020 will allow the City to continue with the STC Boston program. Continuing with this program will allow the City to purchase detection equipment, fund personnel costs and fund training. The detection equipment will allow the City to identify harmful radioactive materials before the deployment of such materials. This is significant in order to protect the residents of Boston from threats and attacks by adversaries. Boston has a significant amount of square footage devoted to lab space and life sciences as well as hosts many large scale events; therefore, having detection equipment to identify radioactive materials is important in order to ensure public safety. This funding will allow the STC Boston Program to continue the goal of developing and enhancing sustainable radiological and nuclear detection capabilities.

By the Chair of the Committee on Government Operations, to which the following was referred:
Docket #1019, message and order authorizing the City of Boston to accept and expend the amount of Three Million Four Hundred Fifty Thousand Dollars ($3,450,000.00) in the form of a grant for the FY23 Safe and Successful Youth Initiative, awarded by the MA Executive Office of Health and Human Services to be administered by the Police Department. WHEREAS, Drawn on the basis of the 1975 state census, the districts were invalidated in *Latino Political Action v. City of Boston*, 568 F. Supp. 1012 (D. Mass. 1983) when 1980 federal census data revealed a constitutionally impermissible population variance of 23.6 percent violating the "one person, one vote" standard, a ruling upheld on appeal, 716 F.2d 68 (1st Cir. 1983); *and*

WHEREAS, U.S. Supreme Court Justice William J. Brennan, Jr. in August 1983 ruled that the delay caused by having to redraw districts for the November 1983 municipal election did not warrant approval of the Massachusetts Attorney General's application for stay, *Bellotti v. WHEREAS, Historic context led the Massachusetts Legislature's Special Joint Committee on Redistricting and the Boston City Council's Committee on Census and Redistricting to facilitate 2011-2012 redistricting processes by intentionally prioritizing meaningful engagement of residents from marginalized communities and neighborhoods historically split across district lines, with ample time to scrutinize proposals at dozens of public hearings and committee meetings spanning more than one year, and, despite these efforts, the Mayor twice disapproved the Council's maps due to inequitable racial imbalance; *NOW, THEREFORE BE IT*

ORDERED: That the Boston City Council adopt the following principles to guide and inform procedures led by its Committee on Redistricting for crafting legally defensible City Council electoral districts for the City of Boston, pursuant to chapter 605 of the Acts of 1982, as amended by chapter 343 of the Acts of 1986:

2022 Redistricting Principles (*Draft – August 31, 2022*)

I. *Conduct.* Councilors will adhere to Rule 38 of the City Council Rules relative to conduct during debate and deliberation, and refer to present or proposed electoral districts by the assigned district number or neighborhood name(s), refraining from using the name of any incumbent City Councilor;

II. *Public Participation*. To enhance and expand civic participation while strengthening public confidence in elections and governance, transparency in redistricting is essential. Deliberation among Councilors as decision-makers, or with legal and mapping consultants, must remain restricted to public Committee hearings, working sessions, and meetings duly noticed pursuant to the Open Meeting Law, with opportunities for the public to provide testimony, where appropriate. Ample outreach to communities and access to redistricting tools to allow meaningful participation is also essential.

III. *Legal Standards.* To craft a legally defensible redistricting plan, Councilors must consider pertinent constitutional and statutory provisions, such as the Voting Rights Act and City Charter provisions, as well as redistricting case law, including those involving the City of Boston;

IV. *Use of Existing Precincts.* Notwithstanding any imperfections of geographic boundaries due to decadeslong deferral of citywide reprecincting, proposed electoral districts must be composed of existing precincts, as most recently adopted by the Board of Election Commissioners;

V. *Guidelines*. Proposed maps should be drawn to ensure population equality and avoidance of excessive deviation, have compact and contiguous boundaries, avoid over-concentration of protected groups, preserve communities of interest, provide voters of protected groups opportunities to achieve proportionality by electing their candidates of choice, and prohibit favoring of incumbent residency.

VI. *Presentation of Proposals.* Submissions of nine (9) proposed districts should consist of the following:

A. Written descriptions in the form of an ordinance listing wards and precincts;

B. A corresponding map illustrating proposed districts, produced using Esri Redistricting software in coordination with City Council Central Staff and City of Boston GIS staff;

C. Corresponding tables presenting the following demographic statistics for each district:

1. Total population deviation by district *and* the plan's overall deviation range;
2. Total population disaggregated by race, *and* each racial group's population as a percentage of each district's total population;
3. Aggregate racial minority (total non-White) population, *and* minority population as a percentage of each district's total population;
4. Total Voting Age Population (VAP), or Citizen Voting Age Population (CVAP), disaggregated by race, *and* each racial group's VAP or CVAP as a percentage of each district's total VAP or CVAP, for purposes of evaluating potential voter strength;

D. If possible, present total population change from 2010 to 2020 Census, *and* future population projections based on generally accepted statistical methods; and

E. If possible, present total housing unit change from 2010 to 2020 Census, *and* future housing unit estimates based on approved and permitted residential unit development pipeline; and

VII. *Deadline for Action*. Electoral districts must be drawn with approval of the Mayor by no later than November 7, 2022. Councilors may file proposed ordinances for the City Council meetings of September 14, September 21, September 28, or October 5, aiming for passage by October 19, and, in the event of disapproval, leave October 26 and/or November 2 for revision.

I. *Decorum.* Councilors will adhere to Rule 38 of the City Council Rules relative to conduct during debate and deliberation, and refer to present or proposed districts by the assigned district number or neighborhood name(s), refraining from using the name of any incumbent City Councilor;

II. *Public Participation.* To enhance and expand civic participation while strengthening public confidence in elections and governance, transparency in redistricting is essential. Deliberation among Councilors as decision-makers, or with legal and mapping consultants, must remain restricted to public Committee hearings, working sessions, and meetings duly noticed pursuant to the Open Meeting Law, with opportunities for the public to provide testimony, where appropriate. The Committee will livestream and record redistricting working sessions. Ample outreach to communities and access to redistricting tools to allow meaningful participation is also essential.

III. *Legal Review.* Prior to presentation before the Council for adoption, a proposed redistricting plan should be reviewed by outside counsel to ensure compliance under the Voting Rights Act of 1965 to prohibit the denial of equal access to the political process on account of race, color, or membership in a language minority group;

IV. *Consideration of Proposals.* Review of proposed redistricting plans should:

A. Ensure the proposed ordinance properly allocates all 275 voting precincts of the City;

B. Present data for each of the six tables in the 2020 Census Redistricting Data (Public Law 94-171) Summary File;

C. Be compared to 2020 Census data for the "baseline" districts reconciling split precincts, as discussed at the Committee on Redistricting working session on September 20, 2022;

D. Be compared to 2010 Census data for the "baseline" districts reconciling split precincts, as discussed at the Committee on Redistricting working session on September 20, 2022.

ORDER FOR A HEARING TO ENSURE THAT ALL INCIDENTS OF BULLYING AND VIOLENCE ARE PROPERLY REPORTED TO ENSURE A SAFE ENVIRONMENT FOR ALL STUDENTS AND STAFF IN THE BOSTON PUBLIC SCHOOLS

WHEREAS, A recent audit of Boston Public Schools by the state Department of Elementary and Secondary Education reported that the Boston Public School system does not support the physical, social, and emotional well-being of all students and does not ensure a safe environment for all students**;** *and*

WHEREAS, That audit also found that the district's system for managing, responding to, and resolving complaints is not responsive to parent and guardian concerns. This has led to some parents not believing that the district schools prioritize the physical, social, and emotional well-being and safety of all students: *and*

WHEREAS, Acts of violence in Boston Public Schools, including physical assaults, bullying, and sexual assaults, are much to blame for this report**;** *and*

WHEREAS, District data shows more than an 80% increase in bullying complaints to 440 this year, compared to the 243 complaints in 2018-2019, the last full year of in-person learning. The rise in bullying prompted a student-led protest at the Boston Arts Academy in Dorchester and parental criticism of behavior in a third-grade class at the Manning School in Jamaica Plain**;** *and*

WHEREAS, The recent report on the Mission Hill School makes painfully clear that unabated sexual and mental abuse of students took place there for nearly a decade to countless students as young as 4 and 5; *and*

WHEREAS, With all the recent, tragic incidents in schools nationally, it's clear that sensible, timely communication regarding dangerous school situations is more important than ever. Now is the time for law enforcement and Boston Public Schools to cooperate, rather than alienate**;** *and*

WHEREAS, Due to a 2020 school policy to protect students' privacy, schools now provide less information to law enforcement than ever before, which in some cases, adversely impacts the safety of students. The policy requires law enforcement officials to get approval from Boston Public School lawyers or obtain a subpoena or court

order for information about students except in extreme emergencies, such as an active shooter situation; *and*

WHEREAS, There is frustration with the lack of action and accountability by Boston Public Schools. *The Boston Globe* reported on three assaults this spring where one student beat another with a Chromebook laptop, leaving one child bloodied and another with a concussion. In all three cases, the parents, rather than the schools, contacted the police**;** *and*

WHEREAS, Crimes happening outside school grounds are also a growing worry. The May 11th stabbing at Nubian Square Station is one recent incident. Both victim and attacker were students of Boston Public Schools. In another incident, earlier this spring, a teacher and student were shot just outside of TechBoston Academy in Dorchester; *and*

WHEREAS, Concerned parents and guardians are removing their children from Boston Public Schools. Enrollment has steadily dropped for over ten years and has only accelerated in the last two years; *and*

WHEREAS, Boston Public Schools is responsible for over 46,000 students and 10,000 school staff. The mental and physical safety of these students and school employees is of most importance; *and*

WHEREAS, The recent acts of violence - assaults, bullying, and sexual harassment - must be investigated and appropriately addressed with the help of the Boston Police Department to ensure the public safety of all students and staff in Boston Public Schools; ***NOW, THEREFORE BE IT***

ORDERED: That the appropriate committee of the Boston City Council holds a hearing to examine how the Boston Public School Administration handles all types of assaults and misconduct with law enforcement and to discuss much-needed transparency and solutions for such incidents in the upcoming school year. Representatives from the City of Boston, Boston Public Schools, Boston Police Department, MBTA Transit Police Department, the Office of Safety Services in Boston Public Schools, the Office of Equity in Boston Public Schools, youth leaders, members of the public, and any other interested parties shall be invited and are encouraged to attend.

ORDER FOR A HEARING ON
DISCRIMINATION IN LENDING AND APPRAISALS

WHEREAS, According to 2020 Census figures, Boston is experiencing a net departure of Black residents, where approximately 8,800 fewer Black people are calling Boston home in the last ten years**.** Specifically, Dorchester saw a 13 percent decline in Black residents, Mattapan a 5 percent decrease, and Roxbury saw a 12 percent decline in Black residents over the last decade, according to Boston Planning & Development Agency data.

WHEREAS, Most first-time Black homebuyers end up in only a handful of communities in Massachusetts, 42 percent in just five communities, predominantly in Brockton, Randolph, and South Shore cities according to a 2021 report by the Partnership for Financial Equity (previously Massachusetts Community Banking Council) and the UMass Donahue Institute Report**;** *and*

WHEREAS, In Brockton 52 percent of home loans went to Black borrowers, even though they are only 40 percent of the city's overall population, and in Boston only 6.4 percent of home loans went to Black borrowers though Black residents make up 23 percent of the city's overall population. Thus in raw numbers, nearly twice as many Black households received a loan in Brockton than in Boston, though they are one-seventh the size of Boston**;** *and*

WHEREAS, The 2021 the Partnership for Financial Equity report found that Black households were far more likely than White households to be rejected for a loan, even when accounting for control measures such as levels of income. The report also found that large institutional banks such as Bank of America and Wells Fargo are in the top 5 for total loans, but below the top 10 in terms of loans to both low and moderate income and Black and Hispanic/Latinx borrowers, whereas community banks issued a higher share of loans to low and moderate income, and Hispanic/Latinx and Black borrowers than large and regional banks**;** *and*

WHEREAS, A 2021 analysis by Freddie Mac found that 12.5% of homes appraised in Black communities were valued at less than the original cost of constructing the home. That figure compares to 7.4% of homes in White neighborhoods and as 9.4% of homes in Latino areas, and other studies showing on average $48,000 less per home, amounting to $156 billion in cumulative losses nationally for Black owner-occupied homes in majority Black neighborhoods,

WHEREAS, The Equality of Opportunity Project, using combined tax and census data, found that neighborhoods in metropolitan areas where the share of the population is fifty percent Black are valued at roughly half the price as homes in neighborhoods with no Black residents, and furthermore those neighborhoods are more segregated and produce less upward mobility for Black children who grow up in those communities

WHEREAS, Banks and mortgage companies are critical to supporting a steady supply of loan products, like Boston ONE+ and FHA mortgages, however overall the number of FHA loans has decreased by 25.7 percent from 2010 to 2020, and in Boston only 13 percent of FHA loans went to low- and moderate-income borrowers, and nearly half of Boston's ONE+ mortgages were provided by one bank that has since exited the real estate lending market.

WHEREAS, Federal and State laws prohibit discrimination in the sale and rental of housing by property owners, landlords, property managers, mortgage lenders, real estate agents, and appraisers based on a wide variety of factors, including race and source of income; and are bound by the Fair Housing Act of 1968 not to discriminate, and can thus be held legally liable if they do.

WHEREAS, The Department of Housing and Urban Development's Fair Housing guidelines instruct municipalities to enact local public fair housing enforcement strategies to combat housing discrimination and segregation; and

WHEREAS, Not only are housing demographic shifts accelerating the loss of Boston's people of color looking to buy their first homes in Boston, but discrimination in lending and appraisals also account for both barriers to homeownership and wealth devaluation for Black and Latinx residents *; **NOW, THEREFORE BE IT***

ORDERED: That the appropriate committee of the Boston City Council hold a hearing to discuss strategies to combat discrimination in lending and appraisals, and that the Massachusetts Commission Against Discrimination, Partnership for Financial Equity, and relevant departments, banks, including community banks, appraisers, government entities, non-profits, and persons be invited to testify.

ORDER FOR A HEARING TO DISCUSS HOW THE BOSTON PUBLIC SCHOOLS CAN MORE EFFECTIVELY SUPPORT THE NEEDS OF ITS MUSLIM STUDENTS

WHEREAS, The Boston Public Schools is tasked with educating all of the students in their charge and therefore, must create a safe and secure haven for its pupils as well as offer them a rigorous education; *and*

WHEREAS, Followers of the Islamic faith make up the second biggest religious group of students who attend our schools, and they are in need of support and services from culturally competent educators who are aware of how to honor their identities, allowing them to flourish at school; *and*

WHEREAS, In an article by Felicia Gans, published in the May 4th, 2021 edition of the Boston Globe, 61 percent of BPS students and students of surrounding suburbs say that they have been bullied in school, and 14 percent of our Muslim youth don't feel comfortable telling their peers at school that they are Muslim; *and*

WHEREAS, In the same study referenced in this article, 40 percent said they have heard of a Muslim student being physically harassed at school, and 17 percent of the students surveyed said that they themselves have had their hijab pulled and tugged on; *and*

WHEREAS, Students have the right to request reasonable accommodation for religious expression in public schools, such as designated spaces that can be utilized for prayer, as long as said prayers are not disruptive to their peers, but they are often too intimidated to ask, despite public schools being required to provide students an opportunity to practice their religion without favoring one religion over another; *and*

WHEREAS, There is currently a dearth of places and times within our schools where Muslim students can take the breaks they need to pray, as practicing Muslims must pray at times that correspond to school hours, amplifying the spiritual necessity of the creation of such spaces that will allow for their spiritual practices; *and*

WHEREAS, Religious involvement plays an important role in mental health, especially among marginalized ethnic communities by promoting culture and identity in a largely white-Christian-dominated society; *and*

WHEREAS, The generic dietary options that are made available to our BPS students are often not options that a practicing Muslim can partake in. This creates conditions in which Muslim students must abstain from said food options, or bring food from home; *and*

WHEREAS, Thirty-three percent of Muslim students in the Boston area report that they have altered their appearance, behavior and name to disguise their Muslim identity in the face of persistent harassment and discrimination; *and*

WHEREAS, Practicing Muslims often have uniform needs that may conflict with certain requirements for classes. Muslims often cover their bodies as a part of their faith, and this needs to be allowed and honored in various contexts, such as gym classes; *and*

WHEREAS, There are several Muslim holidays throughout the school year that are not recognized as city holidays and hence, the students do not get days off. Religious exemptions for said absences must be instituted with a reasonable amount of time given for students to make up all assignments given during those days, and specific provisions must be made for the fasting that occurs during Ramadan, when followers of the faith do complete fasts of both food and drink for a month; *and*

WHEREAS, More attention must be paid to the specific bathroom needs of our Muslim students, including the proper provision of clean water and soap that will allow them to purify themsevles in the proper manner after every utilitization of bathroom facilities, sufficient privacy needs, and the ability of our pupils to recite duas, among other matters; *and*

WHEREAS, Boston Public School policy has as a stated goal of building a safe and supportive environment, and recognizes and respects the diverse population of its pupils in their schools and out in the community; *and*

WHEREAS, Schools play an important role in teaching students about race and ethnicity, formally and informally, and a student's own identity is heavily influenced by a school's climate, proving the profound importance of progressive education in the creation of confident and strong willed youth; *and*

WHEREAS, A positive school climate is one in which students feel safe, respected, and supported, furthermore, a positive school climate increases student engagement, improves student outcomes, and improves student mental health; *and*

WHEREAS, It is the responsibility of our City's school system to educate all of our youth, to keep them safe, to encourage the flowering of their full identities, and to recognize what makes them who they are, including the honoring of their religious practices; ***NOW, THEREFORE BE IT***

ORDERED: That the appropriate committee of the Boston City Council hold a hearing, with Boston Public School administrators, Cheif of Equity and Inclusion, Senior Advisor for Youth and Schools, educators, religious leaders, and other concerned entities present, to discuss how the Boston Public Schools can properly support the needs of its Muslim student population.

WHEREAS: In Boston, there have been 21 fatal shootings and 120 non-fatal shootings so far this year, and recently, a 14 year old boy was shot and killed in a double shooting, less than a week after a high school student was shot and wounded by another student; *and*

WHEREAS: These recent incidents of gun violence remind us that there is significant work to address in terms of gun violence prevention and intervention, and recognizing gun violence as a Public Health Emergency will help to raise public awareness and elevate this issue to facilitate the attention and urgency required, and allow our dedicated city departments and the Boston Public Health Commission to work together to develop strategies to reduce and prevent gun violence; *and*

WHEREAS: At a recent Boston City Council Public Safety and Criminal Justice committee hearing where Councilors discussed youth violence, public health services, and public safety, declaring and treating gun violence as at Public Health Emergency were brought up as a way address the issue; *and*

THEREFORE BE IT ORDERED:

That the Boston City Council declares gun violence as a Public Health Emergency, and that the relevant Boston city departments work together with the Boston Public Health Commission to develop strategies that would reduce gun violence in the City of Boston.

RESOLUTION CALLING FOR MAHSA AMINI'S BIRTHDAY, SEPTEMBER 23ND, AS THE DAY OF WOMEN'S RIGHT TO SELF EXPRESSION, BOSTON'S HIJAB DAY

WHEREAS, In many of the world's major religious groups, women wear head coverings. In Islam, which has the most followers of any faith other than Christianity, women may choose to wear a hijab; *and*

WHEREAS, For many Muslim women, the choice to wear a hijab and how they adorn themselves with said hijab is an intimate and personal decision that speaks to their relationship with God; *and*

WHEREAS, The choice to wear a head covering in the United States is unrestricted legally, though entrenched Islamophobia can still make this choice a precarious one. However, there are lawmakers around the world who have decided, through law, whether women are able to wear hijab or not; *and*

WHEREAS, Some governments, such as those in France and India, have banned head coverings in one way or another, and in Iran, the government has enacted strict laws mandating that women cover their hair in specific ways; *and*

WHEREAS, Mahsa Amini died in Iran's "morality police" custody after being detained for supposedly incorrectly wearing a hijab. Her arrest and subsequent death have sparked nationwide protests throughout Iran, leading to many more women being injured and detained while voicing their right to the freedom of self-expression; *and*

WHEREAS, The restriction on whether or not women can wear head coverings is a violation of women's rights. It is a tool used by governments to oppress and demoralize women, and in some cases, such as in Iran, it can be used as an excuse to imprison and possibly murder women; *and*

WHEREAS, Throughout history, women have been disenfranchised, marginalized, and oppressed, and throughout history, brave women have fought and died to oppose

their second-class status and to gain their liberation from patriarchy and entrenched male supremacy; *and*

WHEREAS, In Boston particularly, Muslim women, young and old, have experienced Islamophobia, anti-Muslim rhetoric, bullying, and attacks in schools, their workplace, on the street, and in their everyday lives. Muslim women should not have to fear wearing their hijab and being a Muslim in our city; *and*

WHEREAS, According to the Massachusetts Chapter of the Council on American- Islamic Relations, seventeen percent of hijab-wearing students have had their hijab pulled or have been physically harassed. And, thirty-three percent of Muslim students have altered their appearance, behavior, or names to hide the fact that they are Muslim; *and*

WHEREAS, Hijab is identified as a modest head covering that is decreed in the Islamic holy book, the Quran. Women across the world adorn hijab in numerous different ways. Some women may cover their faces with a niqab, or their whole body with a burka, among many other forms. Hijab is a personal form of worship that connects Muslim women with their God and cannot be forced upon by anyone; *and*

WHEREAS, Boston strives to be a bastion of freedom and democracy, and indeed, there is much in our City's history that we can be proud of. Hence, as the legislative body of Boston, we should attempt to give voice to the best elements of our Commonwealth. So it is the responsibility of this body to call for the freedom of women's self-expression to cover or not cover their hair, for the women of Iran and across the world; ***NOW, THEREFORE BE IT***

ORDERED: The City of Boston recognizes September 22nd, in honor of Mahsa Amini and in support of the women whose freedom to choose whether to cover, as the Day of Women's Right to Self-Expression.
